New sensations filled the air as the Eagles came back together in the fall. Spirit and pride traveled from one to another and united the Eagles as one. Motivated to strive for the top, they determined to excel.

BACK IN BLACK
by Mr. Mike Caplinger

Pride runs deep:

This is the year to excel —
The Eagles are of one attitude,
Simply doing the task well.

Winning isn't everything
I'll state that at the start.

There's something much more precious —
Something we call "heart."

Our fellows do have heart
Don't dare sell them short,
And we must be behind them
From the very start.

The chips are on the table,
You can hear the clarion's call.
This is the situation,
Either stand tall or fall!

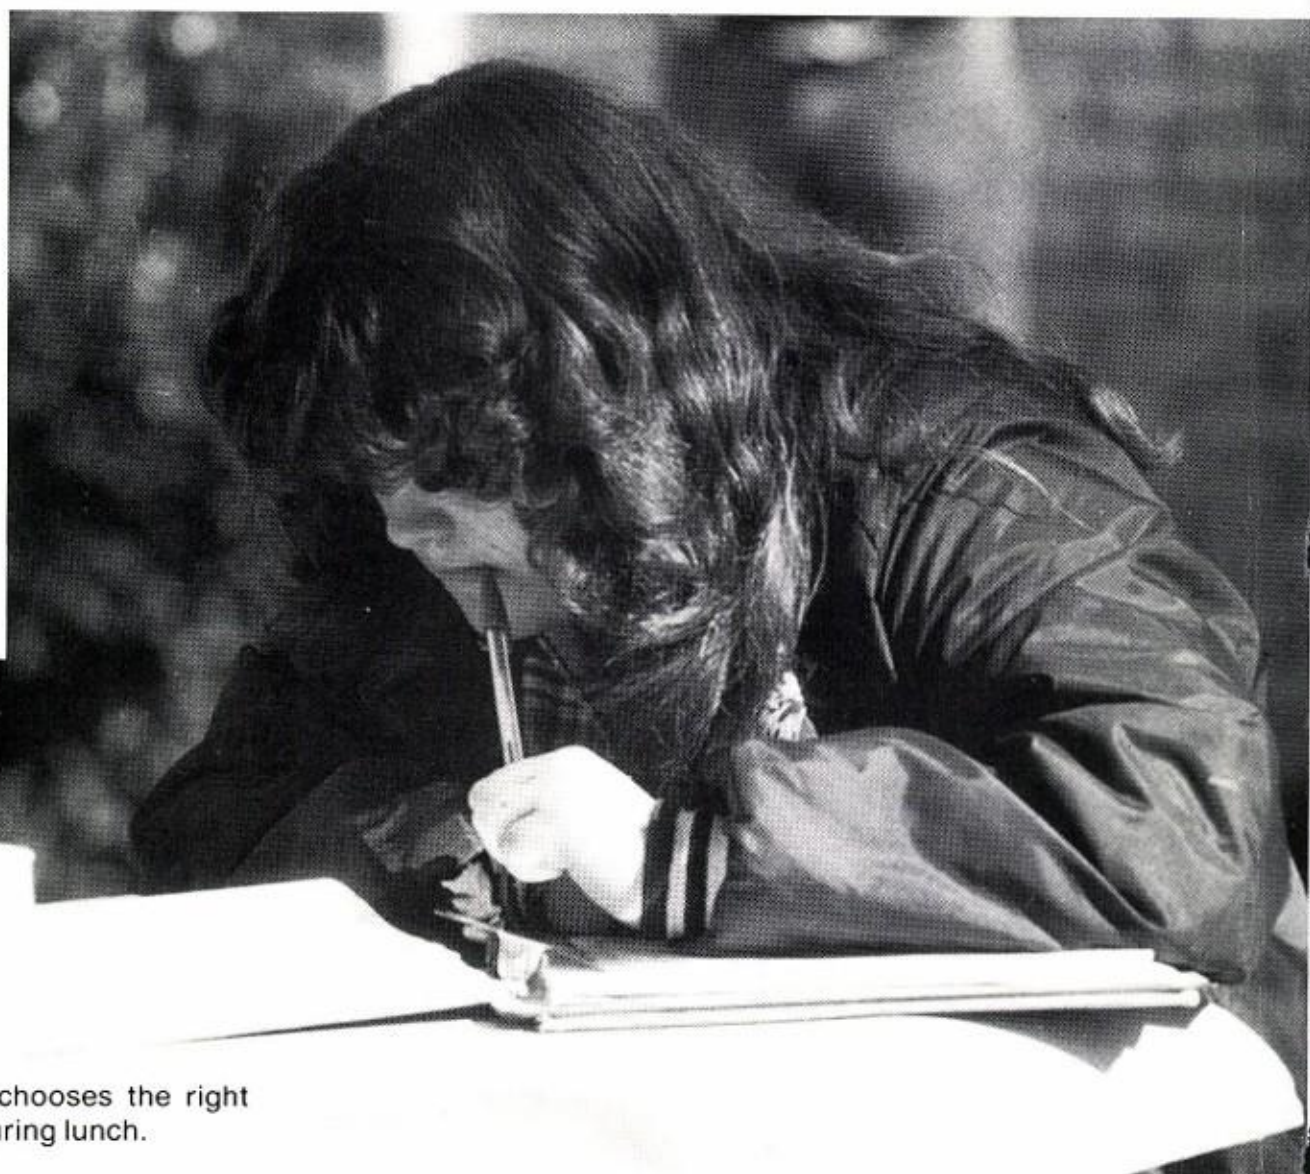

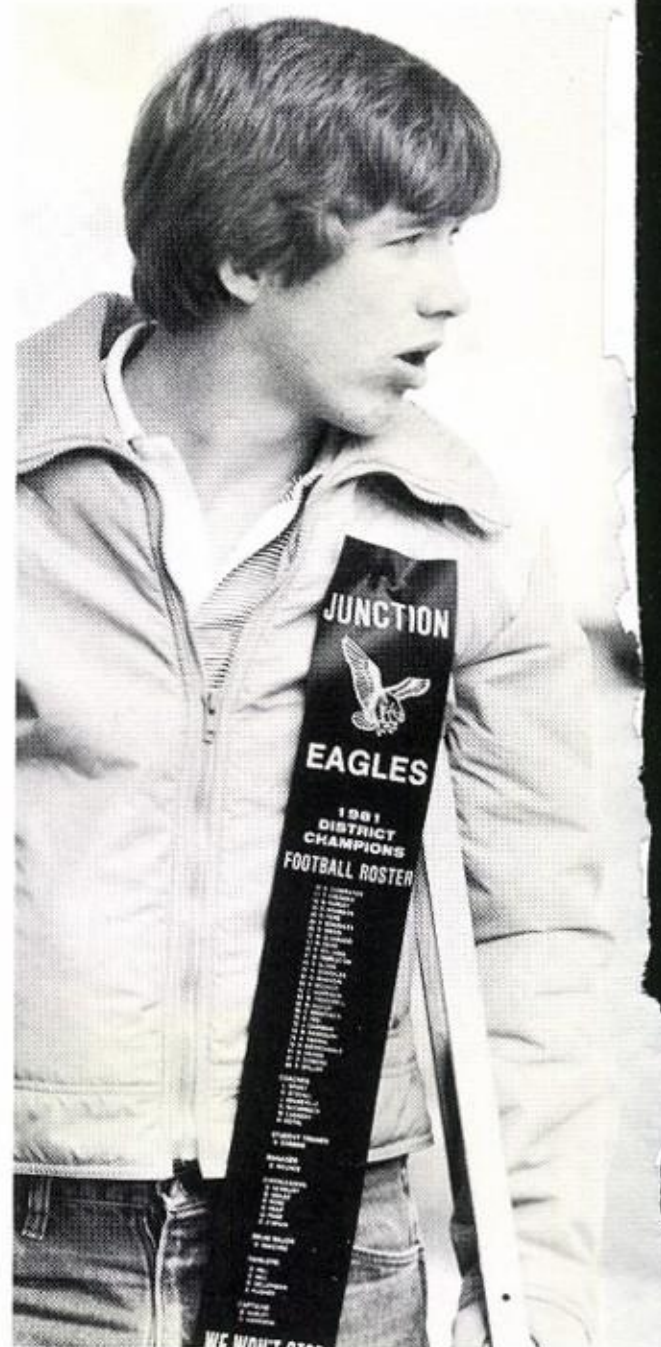

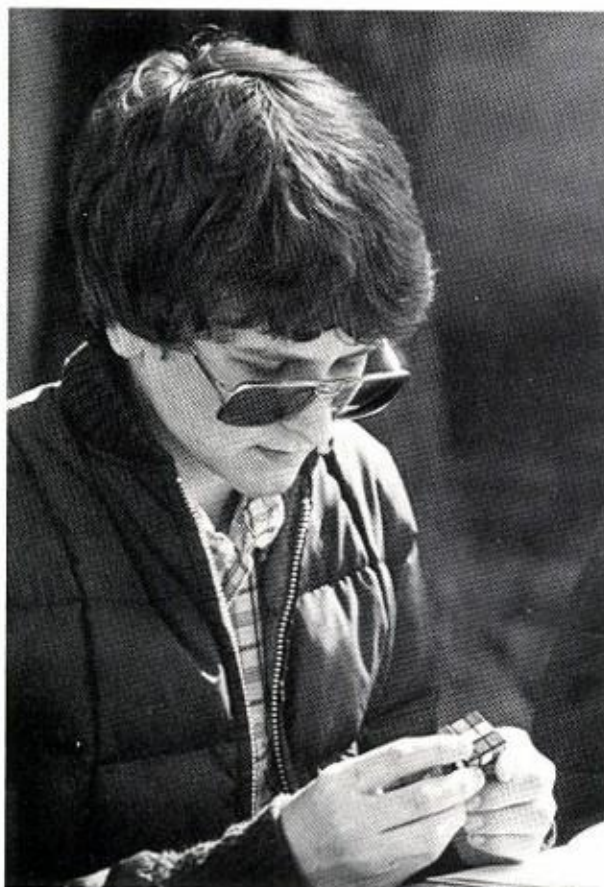

We must back this team,
Meet this royal task
And fill their hearts full of pride —
This is all I ask.

Many opponents are ahead.
So let's mark one thing down,
And hear this little jingle
That will soon be over town.

"While others are deficient
And in their spirit lack
My friend, Eagles Soar
And we are . . . BACK IN BLACK!"

ahead, the overwhelming Eagle spirit penetrated the student body and everyone became aware that they were "Back in Black."

Overwhelming Spirit Fills Students

Raging water thundered down the South Llano River cresting at 36 feet on October 13 and demolished the familiar river beds students had come to know. Nature changed and

their lives changed.

Filled with an overwhelming spirit, students took pride in all of their activities. A new mascot triggered the emotions of all spectators as the

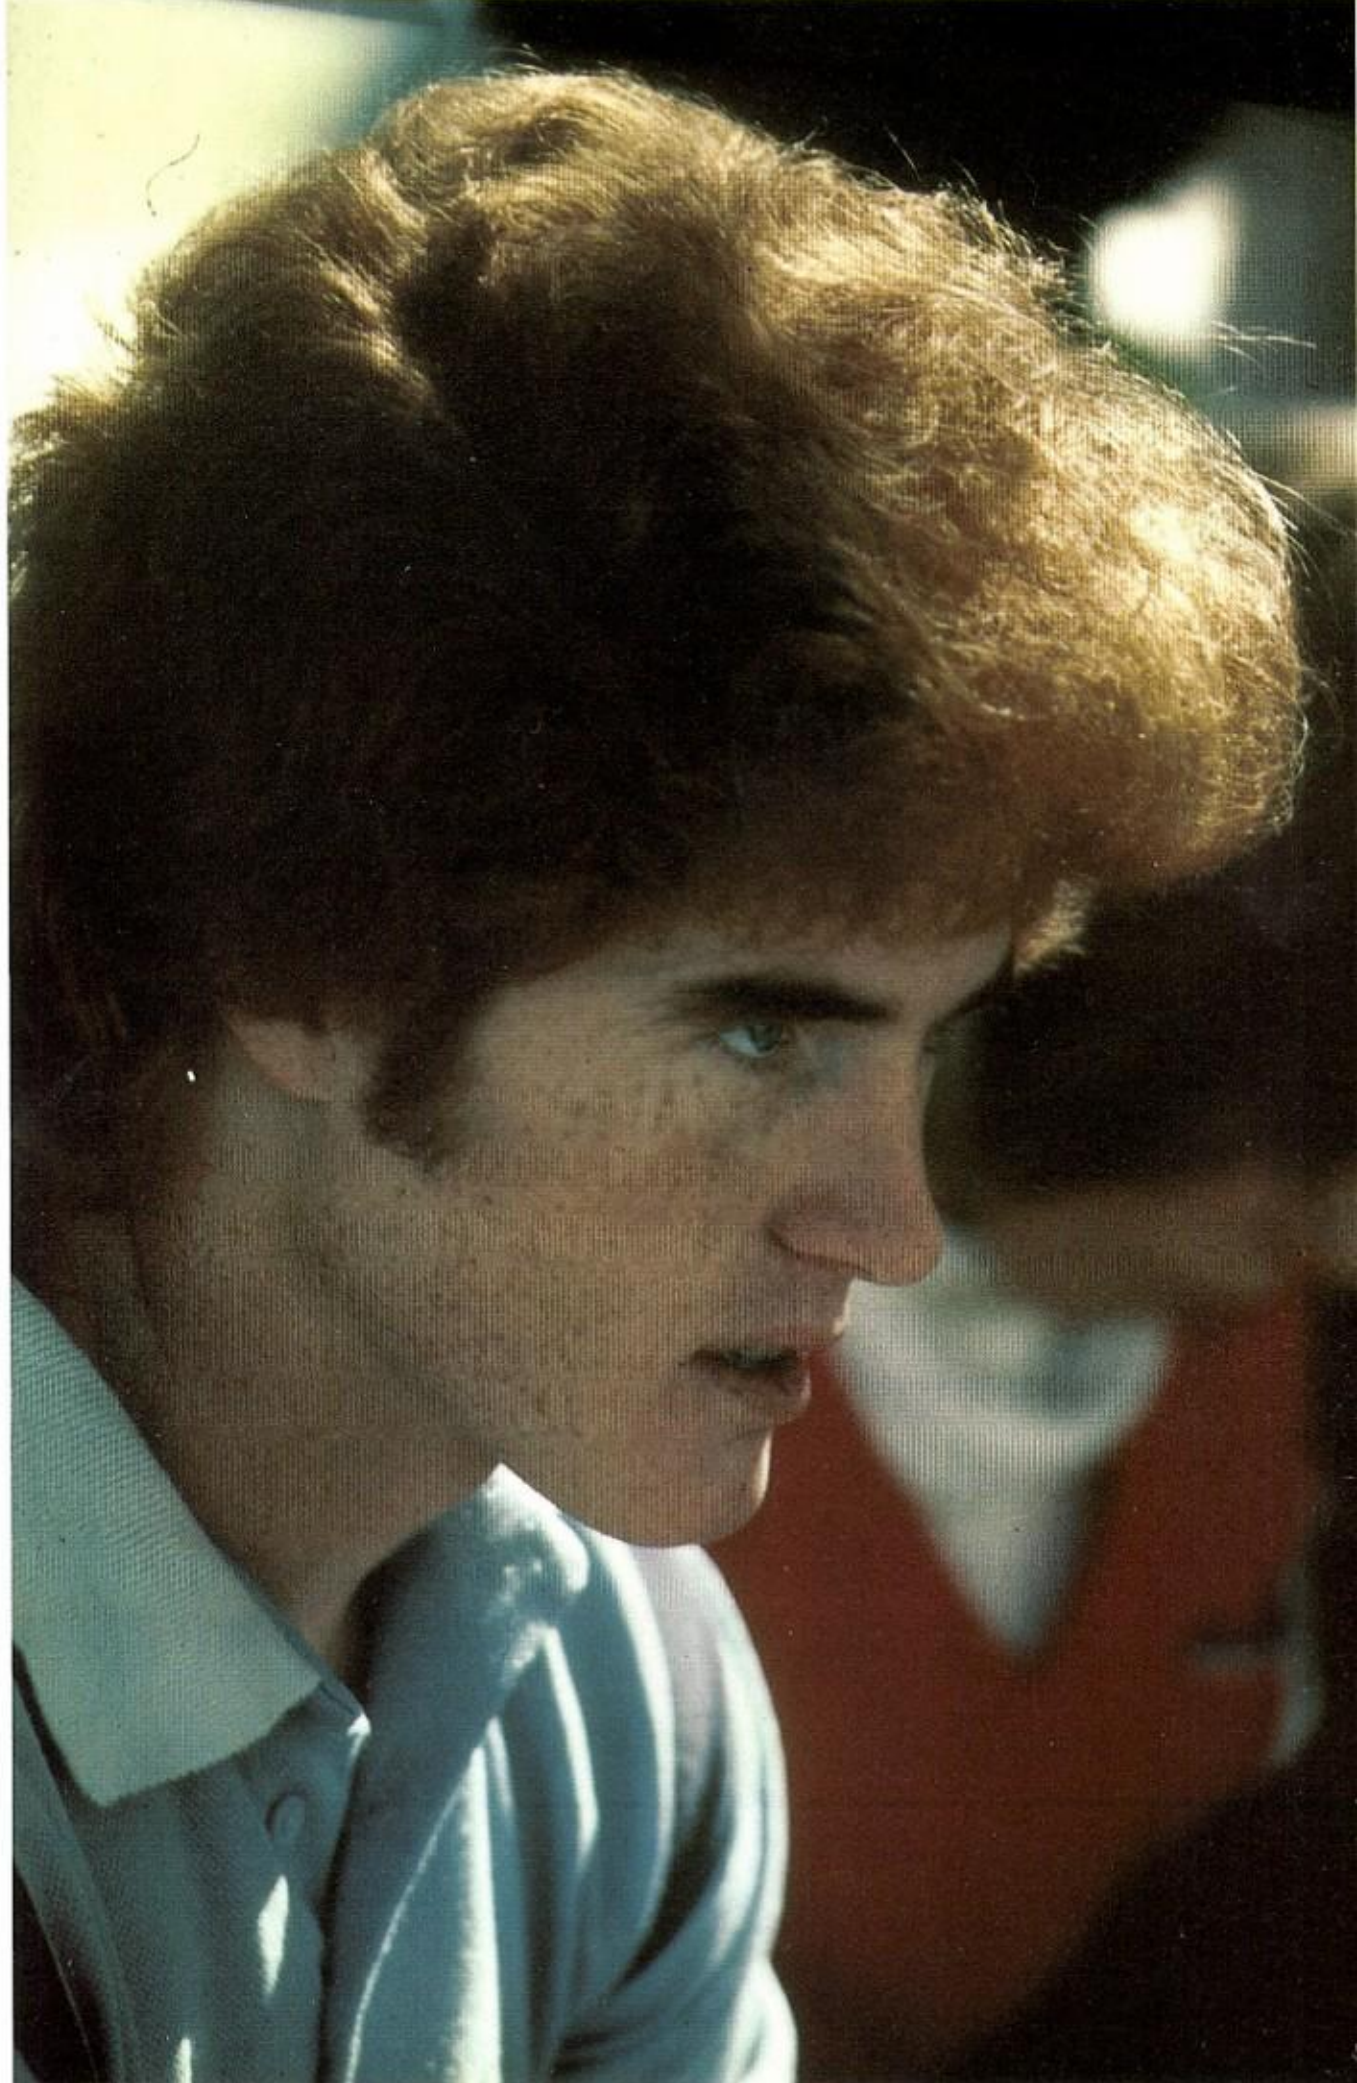

football team experienced triumph.

After each win, the Eagles gathered under the new victory lights and sang the Alma Mater.

Aglow in the noonday sun, **Randy Mounce** gathers his thoughts and relaxes.

Rolling with the flow, Mike Alvarado happily walks back to the school grounds from the little store during lunch.

Preparing to do battle, Jim Bob Williamson challenges **Alisa Schmidt** while **Kim Hooker, Shelly Spillor, and Leslie Wicker** look on to make sure that no one cheats!

With a golden glow, the Eagle bonfire backs up the crowd to the boundaries of the fair grounds. The cheerleaders take command of the night spirit drive.

Eagles Continue Flight

Sheltered in a secluded valley of the rugged Hill Country, the Eagles were aware of the political and economic problems plaguing the world around them.

Shortly after the ending of the Baseball Strike, President Ronald Reagan laid off 12,000 air traffic controllers on August 3 when they refused to resume work. Anwar Sadat, President of Egypt, was assassinated on October 6 by Islamic fundamentalists.

While the rest of the world was caught up in circumstances, endurences proved to be of quantity as the Eagles continued their flight.

Reach for Goals

Searching deep inside, students found their hidden abilities. After several victorious meets, the girls' cross country team advanced to the state meet. The excitement of the Friday night football games helped students work off anxieties and tensions they acquired during the week.

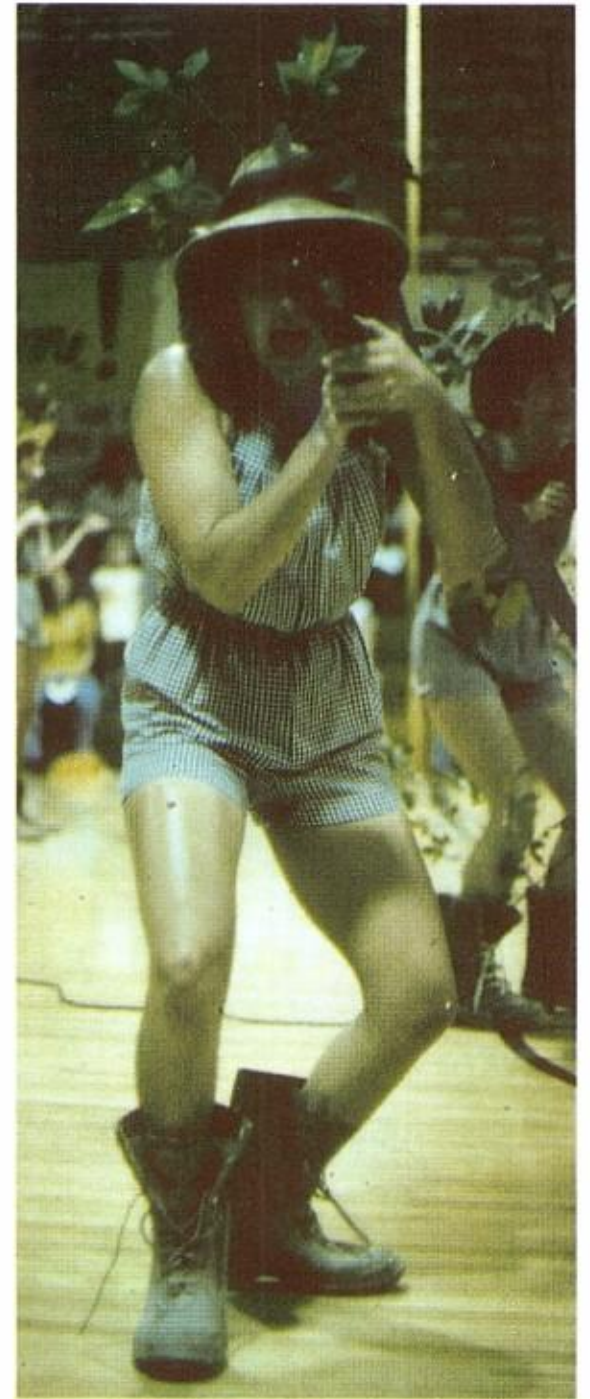

New computers and electronic typewriters added to their education and assisted the Eagles in reaching their goals.

Eagles Compete With Pride

Holding their heads high with pride, the football players, band, pep squad, and students all traveled to Mason to battle the Punchers in the final drastic game of the football season. Filled with emotion, the Eagles sensed accomplishment as

they won the District 9AA crown.

A vivid awareness of the upcoming University Interscholastic League competition and basketball season suddenly penetrated each of the Eagles' minds.

Gradually each day students congregated in the shade of the pecan trees during lunch. Some lingered on the letters, "J," "H," and "S," doing their homework, singing, and discussing events, such as the two successful space shuttle Columbia flights. Others engaged in snowball fights or baseball with a different style.

Conscious of Images

Very conscious of their outward appearances, the Eagles achieved the "Prep" look. Izod and Polo shirts dominated the scene with Calvin Klein designer jeans closely following.

Numerous daily activities occupied each student's mind. But a hush fell over the Eagles as they listened intensely to President Reagan's first State of the Union message on January 26.

Must Perform and Appear Natural

"I began modeling my junior year." **Duchess Hill** went to the Apparel Mart's Fall/Winter Show in Dallas to learn about marketing and model for her mother, who designed silk in couture cuts. Asked about which modeling agency she worked for, **Duchess** began considering the possibility of the modeling profession.

For two weeks in October, 1981, **Duchess** modeled for El Buzon. This job led her to become a contracted model with West Chase Modeling Agency.

"The ability to perform and appear natural in front of audiences, cameras, and designers is required. The goal of a model is to look different in each photo. Thoughts are the most important link to achieving the 'look' wanted."

Duchess modeled everything from handspun, hand woven silk from India to oriental slippers and jackets to 'harum pants, swimsuits, and western vests.

Next fall **Duchess** plans to attend Southwest Texas State University in San Marcos and major in foreign languages. "As a career I feel modeling isn't very reliable, however, as part-time work through college, it will be very convenient."

Eagles District 9AA Champs
by **Stephen Teel**

A distant dream, or so it seemed.
A far, hard climb, like the end of time.
Before most were wanting it, we were preparing for it.
We were getting prepared, long before others cared.
Physically we worked to the limit, mentally prepared to win it.
We dreamed it could be done, that we could have won.

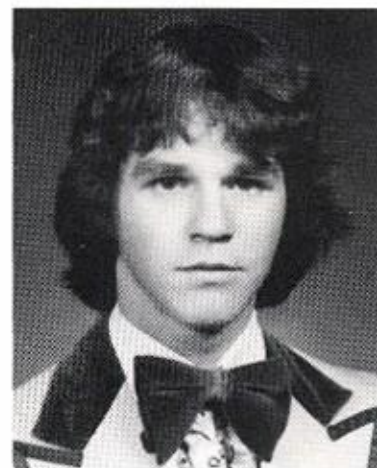

Then suddenly the climb got harder,
We had to think and work much harder.
The time came to compare will and want,
To see who would fight and who would not.
The first two times we had ourselves scared.
But still we wanted, prayed, and cared.
At times we were greatly victorious.
Other times it wasn't so glorious.

At the end of the mighty climb, we won.
Though we'd only dreamed it could be done.
A distant dream, or so it seemed.

In their spare time juniors kept busy with "Pac Man," hunting, fishing, listening to all types of music, working puzzles, dancing, and riding horses. And if they weren't out practicing sports, most likely they would

be talking on the telephone.

A big year, juniors considered it special in various ways: "Watching friendships grow as we get older and reach goals," "realizing how much I've changed through this year," "another district championship," and "scoring the last touchdown in the Mason game."

I Care About Them

"Being a trainer, you have to have lots of patience and you have to care about people," **Kit Dobbins** said after his first year serving the high school football squad. **Kit** started managing football in the seventh grade and continued until his junior year when he moved into the trainer position. His basic job involved helping prevent and treat injuries.

In the summer, **Kit** began assisting the coaches before the two-a-day practice sessions started. He prepared the equipment for the season.

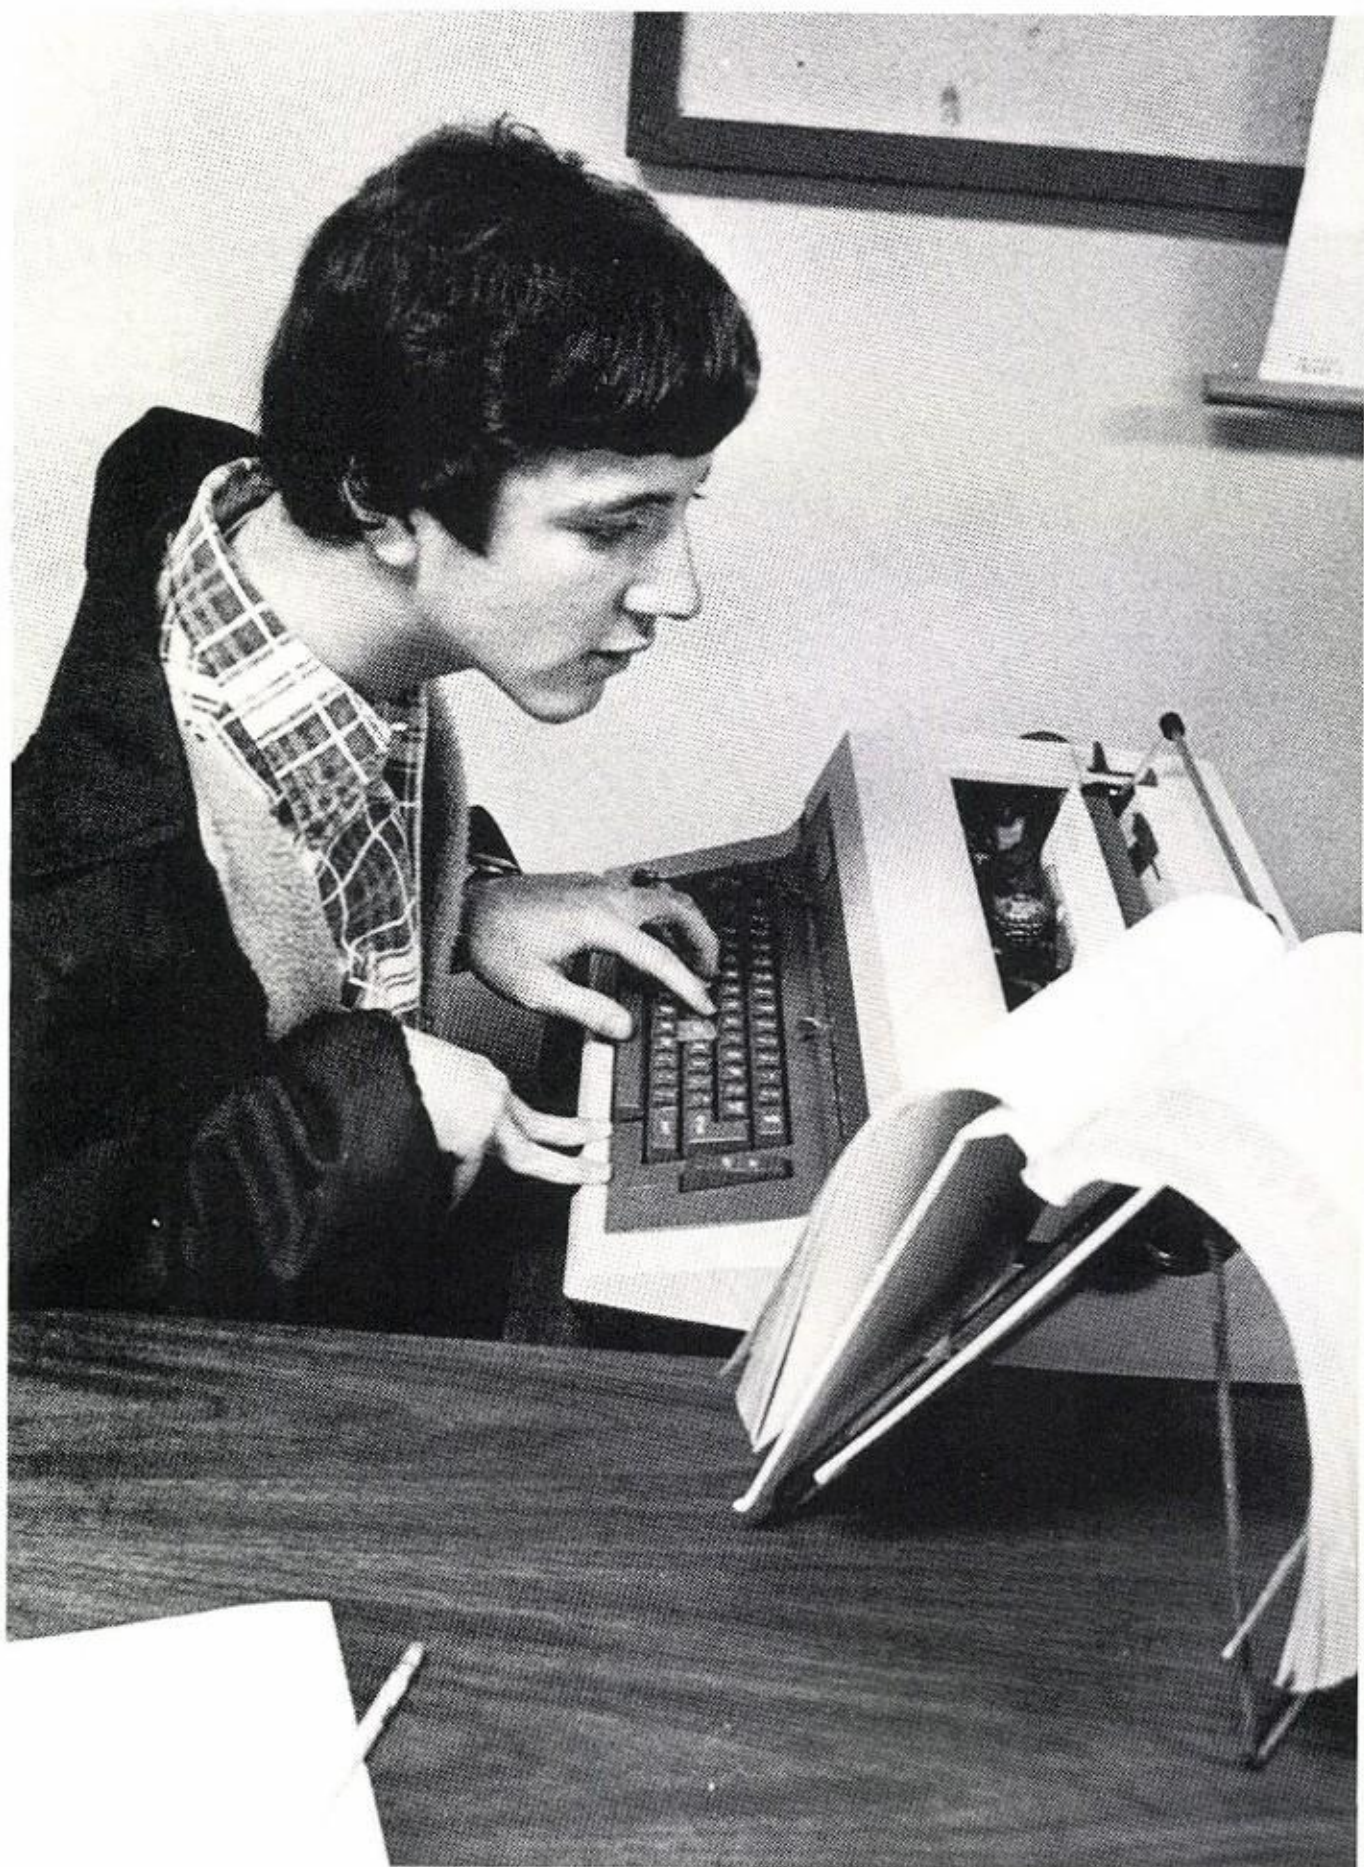

In preparation for each football game, **Kit** gathered first aid kits, footballs, ice chests, extra equipment kits, et cetera. After the games, much time was spent returning each and every object to its place in the gym.

After graduation next year, **Kit** plans to attend college and become a licensed trainer. His hobbies include playing tennis, his favorite sport, watching TV, playing cards, and collecting things.

Spending much of his time looking after the cheerleaders as well as many others, **Kit** said, "I like to help people, I care about them and I want to be nice to all people."

Mastering "one-hand" typing, Kit Dobbins checks over his paper.

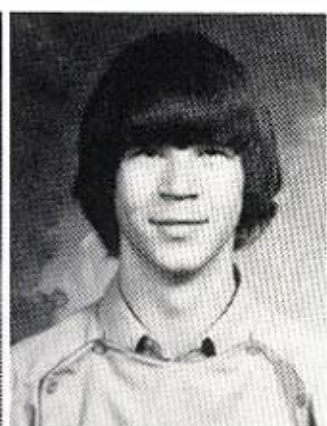

Knowing there's work to be done, **Charles Carlile** persistently dreams about tomorrow during fifth period typing class.

Adding meaning to the word "friendship," Kem Schwartz and **Shelly Spiller** chum around during the lunch hour.

Ladd Campbell and **Jo Ann Boyd** represent the sophomores as class favorites.

Jo Ann Boyd: Likes track, drawing, puzzles, laughing, listening to music, bike riding, pizza and lobsters. Participated in Rainbows and 4-H Club. Will remember "winning District 9AA football and trying to play the oboe."

Ladd Campbell: Likes football, track, fishing, hunting, collecting arrowheads, T-bone steak, apple pie. Participated in 4-H Club and Grass Judging. Will remember "being promoted to the varsity team, going to Bi-District, and having **Mr. T. A. Chandler** as geometry teacher."

Sophomores Have Advantages

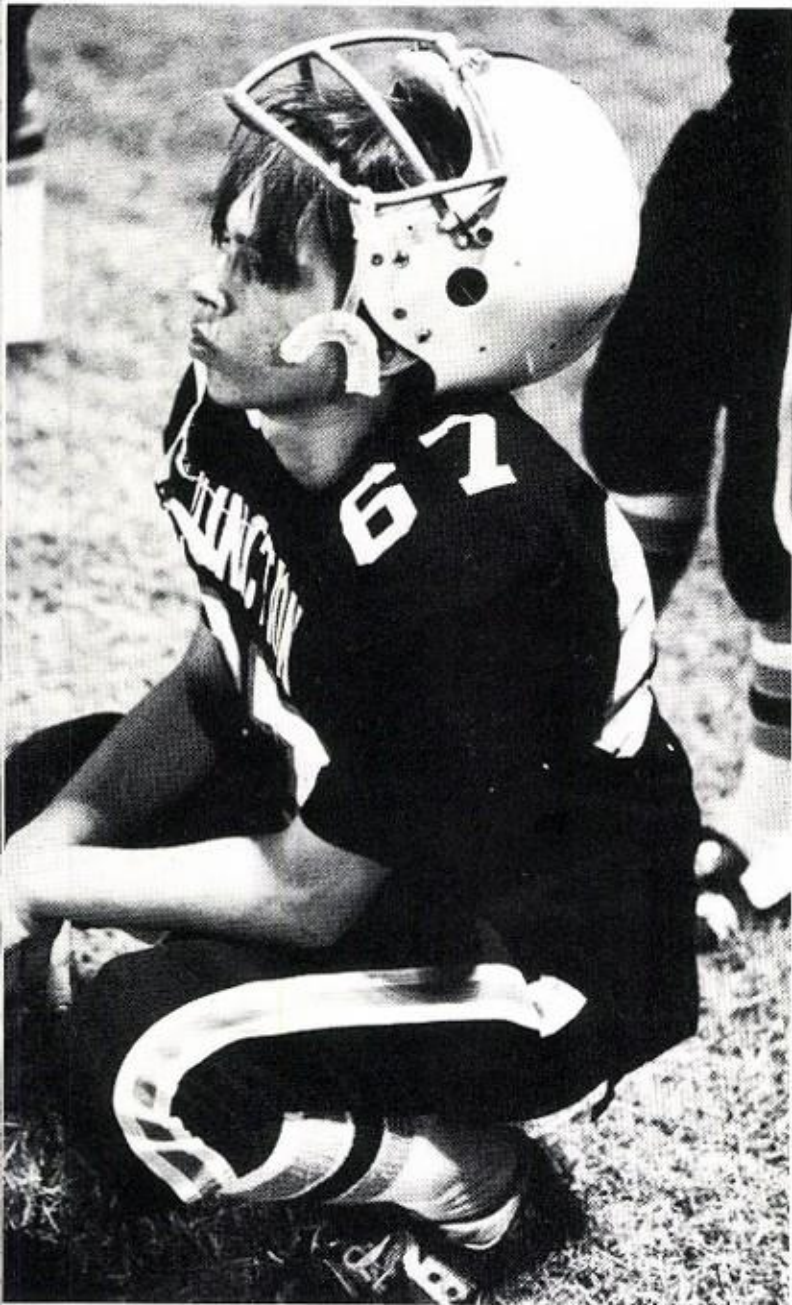

A big sigh of relief could be heard concerning the advantages of being a sophomore. "We're not little 'fishes' going into high school with seniors to pick on you." And recalling athletic trips as freshmen, one sophomore stated, "We don't have to clean up the buses any more."

As 43 sophomores roamed the halls, campus, and classrooms, Biology seemed to be the number one favorite elective on many sophomore lists.

In the first semester, they read about mythology in English II such as "Medea," then the exciting Arthurian legends including "Camelot." One student described Greek mythology as "very interesting and entertaining." Another referring to "Camelot" said, "It makes me feel like I want to be a lady in distress and the knights can come and fight for me and rescue me."

The ASVAB (aptitude) test given by the military personnel was the only one taken by sophomores.

Looking forward, the sophomores anxiously await their junior year when they can "purchase a senior ring and attend the junior-senior prom." Special to one sophomore was "the fact that I'm a sophomore and have just two more years to go and I plan to make them the best years of my life."

We Play Football

And we'll always be there to fight.
We may not always win
But we'll be there in the end.

Feeling of Accomplishment

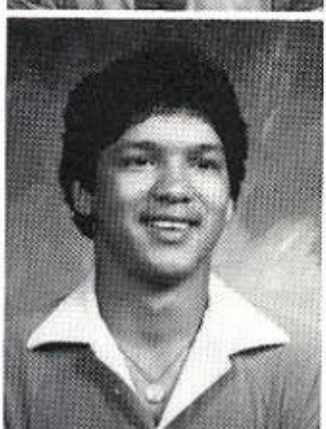

"I think that we did well, but I wish that the boys could have gotten a team together." **Junior Coursey** told his feelings about boys cross country competition.

"I did better than I had planned, especially at regional. I thought that I would probably get last or way at the back with all the competition. I was satisfied with 39th. I wish I could have done better for the team. I enjoyed running and working out for cross country. It helped us get to know each other closer and make new friends. I feel that I have accomplished something."

Directing With Feeling

"Hey, you can do it, too! All you've got to do is set your mind to it." These were **Debra Sanchez's** thoughts in the eighth grade as she watched the drum major during her first year in the high school band. She established her goal and worked to reach it.

As a sophomore, **Debra** heard the announcement of her new position and said, "I couldn't wait for football season to begin. I was so surprised and happy."

Debra attended summer band camp. "Mostly, I learned to march proud." Other goals of **Debra's** included getting into the music and directing with feeling. "At first it was hard to get used to the style, but **Mr. Charles Grabein** helped me and the band was cooperative and eager to do well."

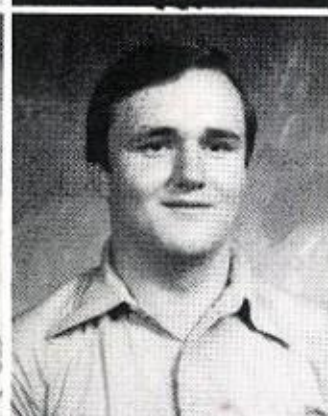

Upperclassmen accepted **Debra** as she took the responsibility of leading the band. "I just want to do my best on the field for both the people and the band. I am proud to be a part of the JHS band."

Ready and Willing

With advice and guidance given by **Mrs. Emily Bierschwale, Mr. Jerry Brakeville, Mr. Scott Hofmann, and Mr. Eugene Monroe**, sponsors, the sophomore class was ready and willing to raise money for necessary future activities. They sold beat after beat including all leftovers through Bi-District with every game being a "sell out."

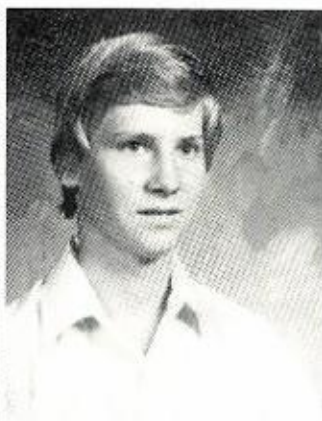

The class raised money with a

Freshmen Create Similes

Creative students in **Mrs. Theola Monroe's** freshman English class ingeniously developed the following similes:

Life is like a chain.

Hate is as dangerous as a bomb.

The soup looked like a swamp.

The door was like a see-saw.

Feelings are like the seasons, always changing.

The wind pushed the trees like a fish pulls the line.

Mr. Chandler is like a calculator.

The river ran as fast as a bolt of electricity.

A dragonfly looks like a little helicopter.

The boy hopped like a wild jackrabbit.

The fog is like a blindfold as it cuts off your vision.

The Bible is like a shield against evil, like a house is a shield against the elements.

Hunger is like a hole in the ground.

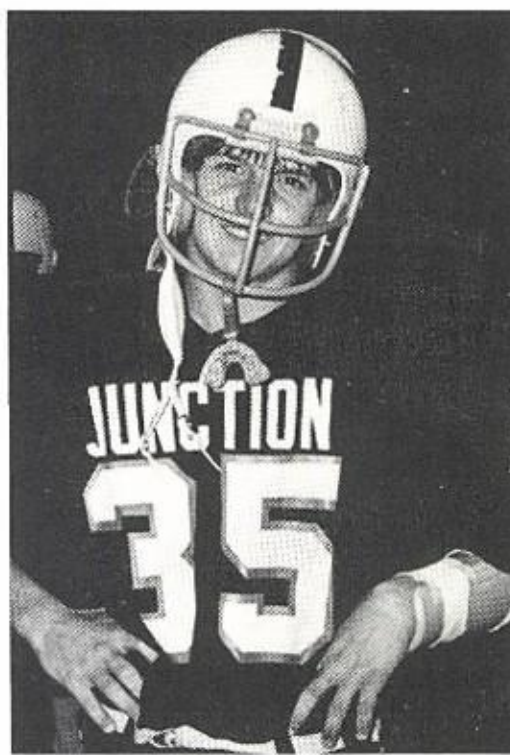

Hope is like dirt — it can stay or be blown away.

Freshmen not pictured: **Robert Clark, Aracely Salazar, and Whitney Whitworth.**

Freshmen Feel Privileged

Open campus, a longer lunch period, and only six periods a day instead of seven made the freshmen feel privileged.

"We don't fight like we did in junior high any more." "We feel much more grown up now, and we're a part of JHS." Also, some freshmen felt more freedom, such as choosing their own classes.

"I do not think we have too much pressure being in high school, but we do have more homework." One student commented, "We have more 'work to go'."

"Going from junior high to high school is quite a change. I find it to

be more relaxing and more exciting. I sense less strain which helps me enjoy school much more."

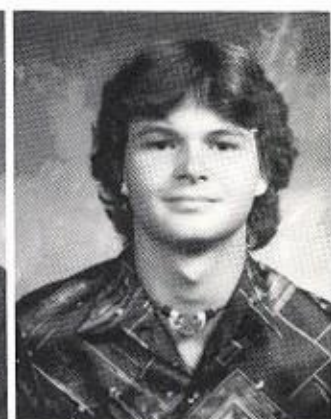

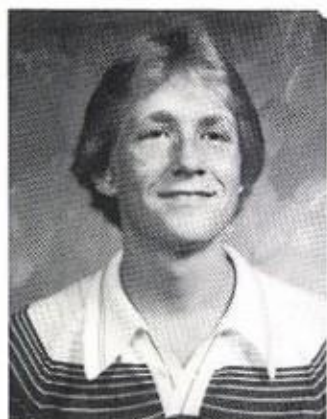

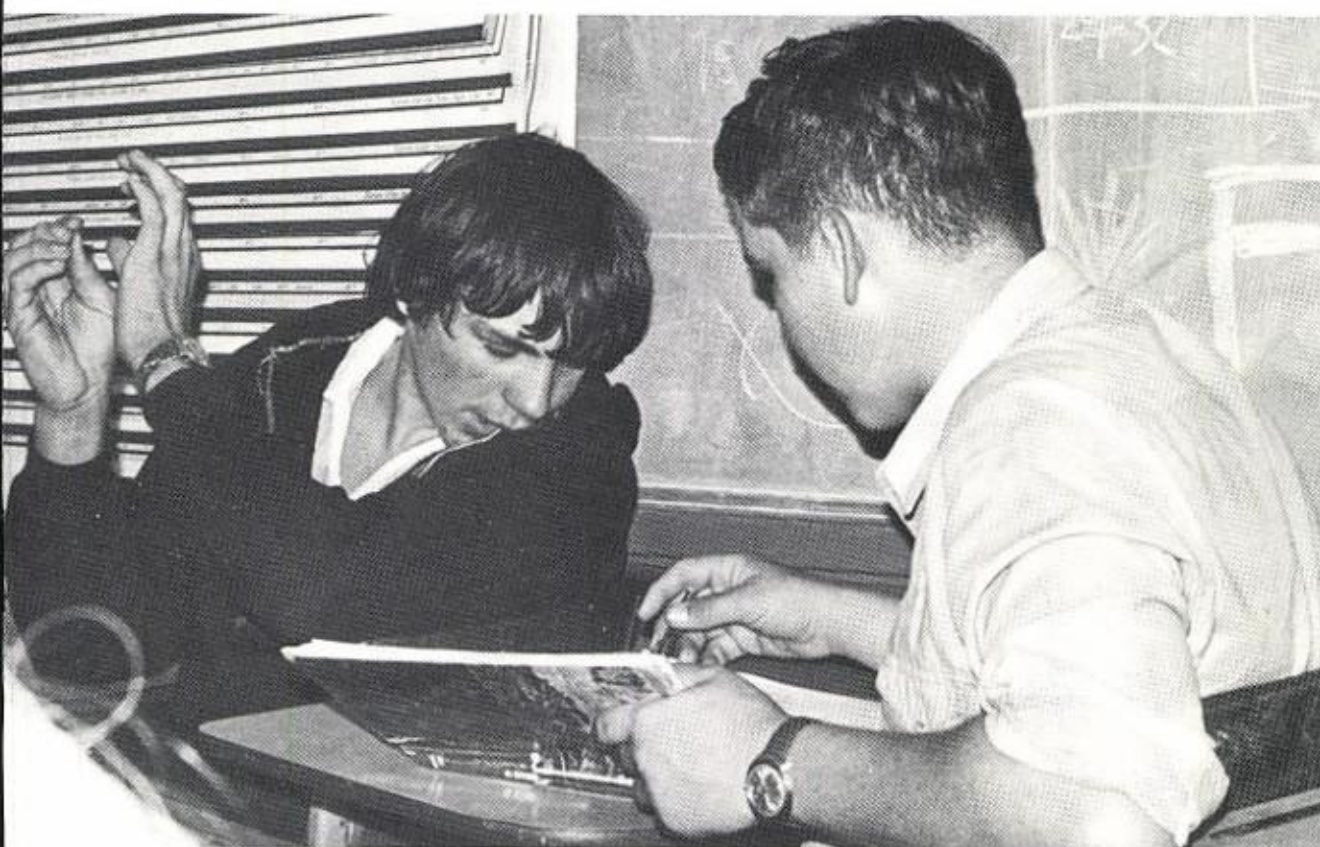

Different feelings shown about President Reagan as a leader by freshmen included these remarks, "I believe he has fulfilled many of the promises he made before he was elected. I think he's a doer, not a dreamer." "Yes, I feel President Reagan is a good leader because he knows what this country needs and isn't afraid to exercise his right to try and make America a better country." "No, I don't feel he's a good leader because he doesn't seem to care about the needs of the old and the poor."

Required subjects for these 69 newcomers to high school were physical science, English I, math, and health. They took the achievement tests, ASVAB (military aptitude) test, and the TABS (Texas Assessment of Basic Skills) test.

Sponsors, **Mrs. Karla Boone, Mr. Hugh Doyal, Mr. Charles Grabein, Mrs. Theola Monroe, and Mrs. Joy Robinson**, assisted the Class of '85 with their activities.

Challenged To Meet All Needs

Promoted to the office of superintendent, **Mr. Joe Robinson** said, "Having the opportunity to work with an extremely dedicated and capable faculty, staff, and board of education has been my most rewarding experience."

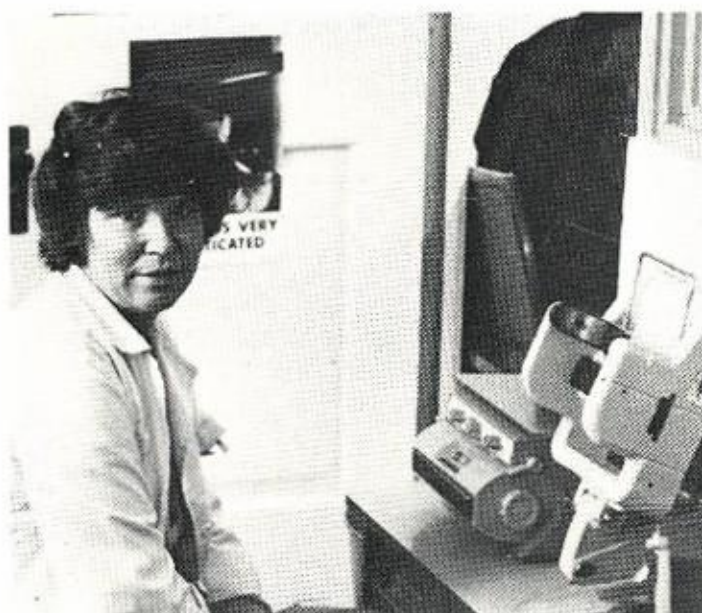

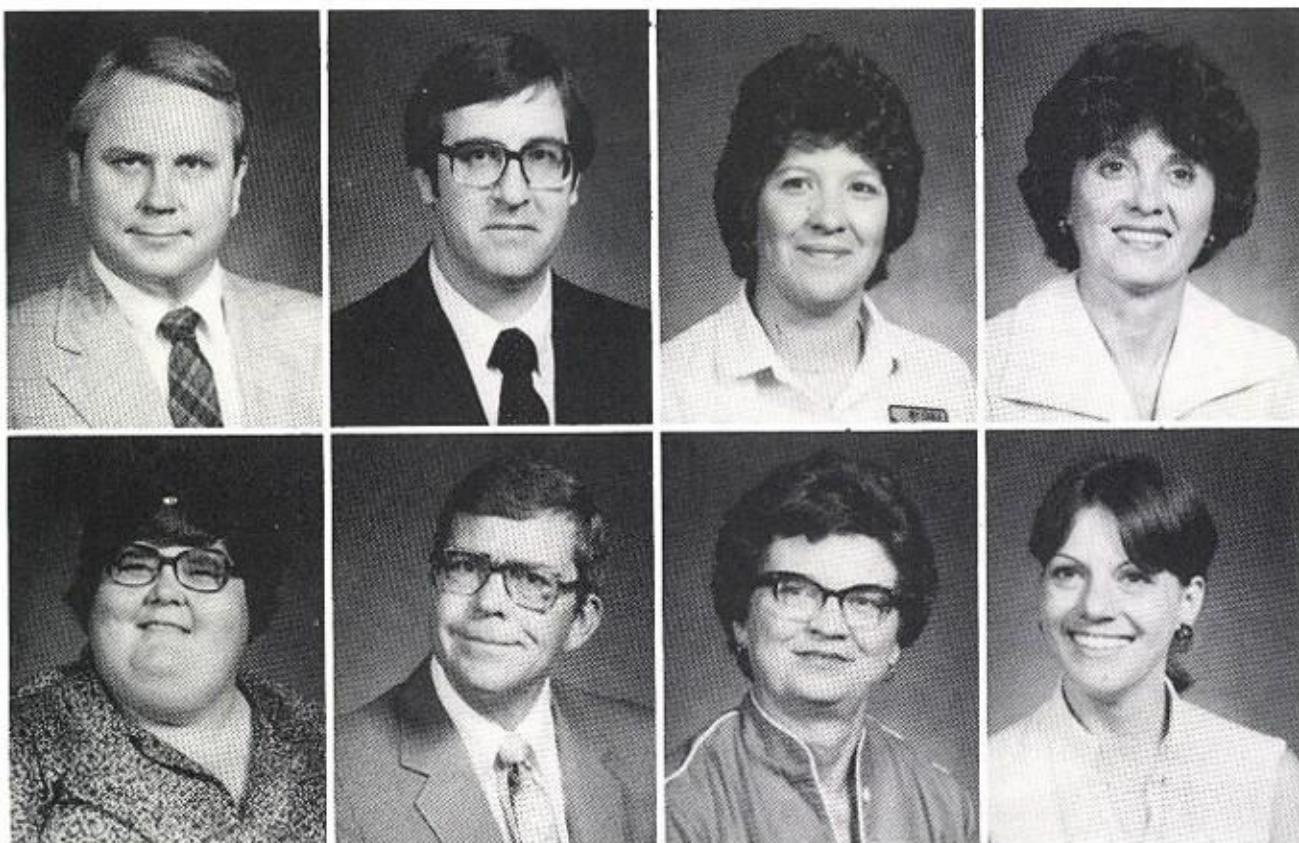

Mr. Robinson pointed out that the most recent improvements on the campus grounds were the clearing of the lot next to the gym for additional parking space and the pouring of the concrete slab with basketball goals between the junior high and primary buildings.

"Our most noteworthy goal is to individualize instruction. Included within this goal is a need for more 'skills' and vocational courses along with programs designed for the gifted and talented. These curriculum modifications are needed to prepare our youth for 'tomorrow'."

Operating under a school budget of approximately \$1.4 million, **Mr. Robinson** said, "The biggest challenge is to meet the individual needs of each and every student in the Junction Public Schools."

Coach Meets Competition

"I am a very competitive person and since I'm too old to compete any more, I enjoy watching girls learn to be competitive and physically fit." **Coach Charlotte Dehnel** graduated from Lake View High School in San Angelo and Hardin Simmons University in Abilene where she participated in and won many honors in basketball and track, including 3rd place in the discus in state. Last summer she played softball and her team played in Seattle, Washington, after winning the state championship.

Ms. Dehnel's coaching position included junior varsity and varsity basketball, cross country, and track. Her cross country team went to the state meet. "The team was a young team. They only thing that amazed me was how much food they could eat before they ran and not get sick." She laughingly added, "The one thing I will remember the most is **Coach Belinda Sheffield** being stopped

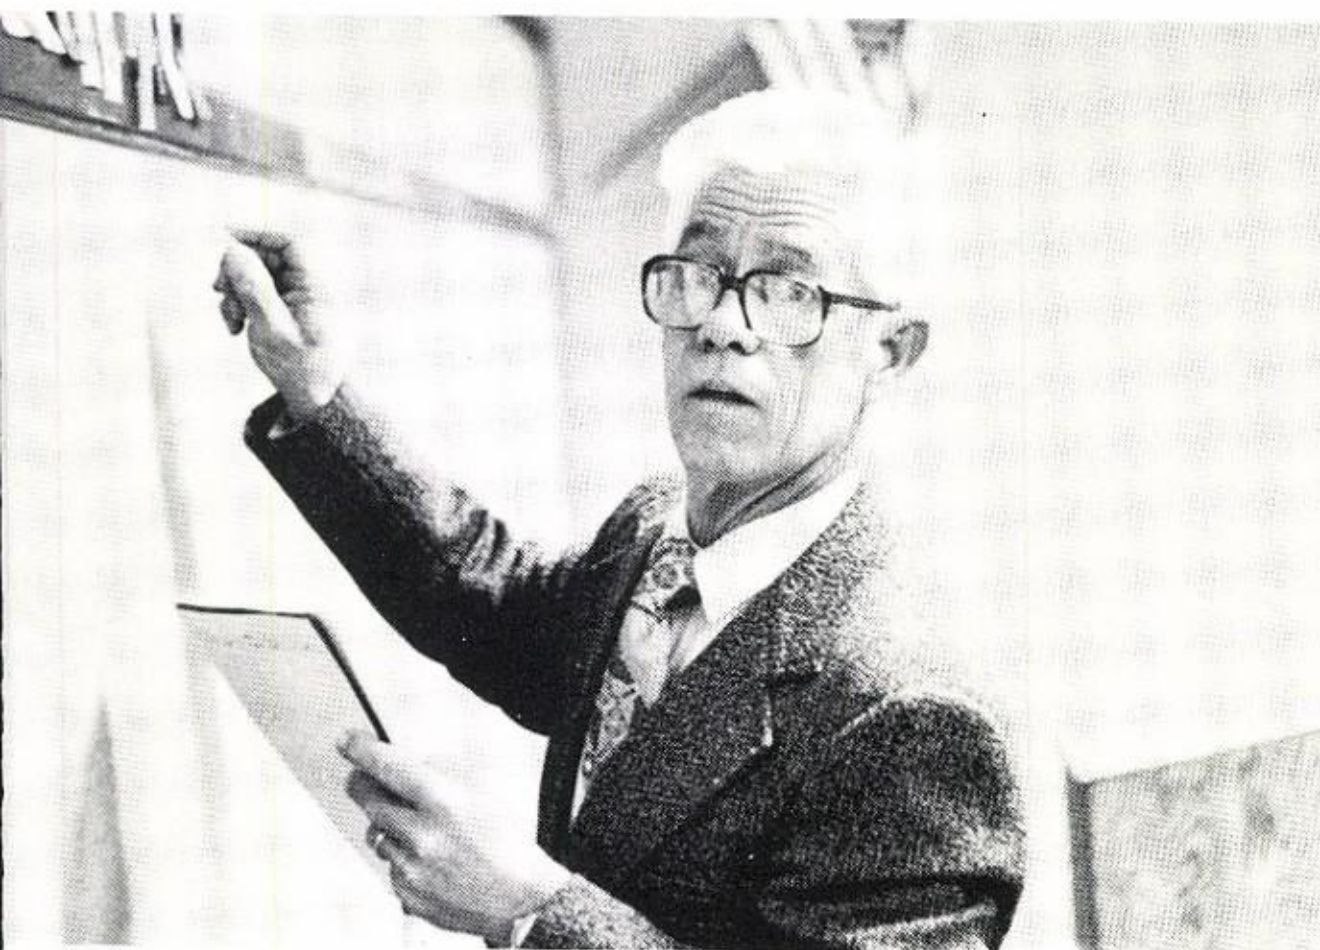

by a policeman in Lubbock for not having any tail lights on the bus on the way to the regional meet."

Coach Dehnel's biggest challenge was trying to coach junior varsity and varsity basketball at the same time when the games were a hundred miles apart.

'I Owe You One'

"My first day at JHS was super exciting," commented **Mr. Mike Caplinger**, the new high school principal. As a native of Idalou, he had spent most of his life on the flat plains of Texas, therefore the rivers and trees were a refreshing change for him.

"The most enjoyable part of my job is working and associating with students. I enjoy the excitement of

Fridays on football game days and being a part of the enthusiasm of young people. The majority of our students seem to display wholesome character and respect and are most willing to cooperate."

Impressed with the spirit of school, **Mr. Caplinger** added a little more "gusto" to all the fun.

According to **Mr. Caplinger**, the most difficult part of his job was

seeing a student with a great deal of potential simply waste his abilities and talents. "Fortunately, most students have goals and work toward a high level of achievement. Every day has its own rewards."

One freshman said, "**Mr. Caplinger** is a real neat, considerate, and understanding, just a humorous person. He's like the fall guy, exciting."

Mr. Caplinger recalled the most humorous incident of the year occurring about a month after school started. "A snake, dead of course, was planted on the steps one night at the front entrance of the school." He found this present when he turned on the victory lights after a ball game. "I won't tell you the rest, but whoever left it there, I owe you one!"

Back in Action

The pride of the Junction Eagle fan can be seen miles away, and with just cause. In six straight victories, the football team won district 9-AA. Breezing through district, the baseball team is continuing play after school is out. Throughout the vast field of track, cross-country and tennis, Junction had 21 participants in regional competition, 9 boys and 12 girls, and 17 of these 21 participated in state competition, 6 boys and 11 girls. These students represented athletics, serving as an example of the total excellence throughout the school and student body. Fans and students are aware that Junction is "Back in the Action."

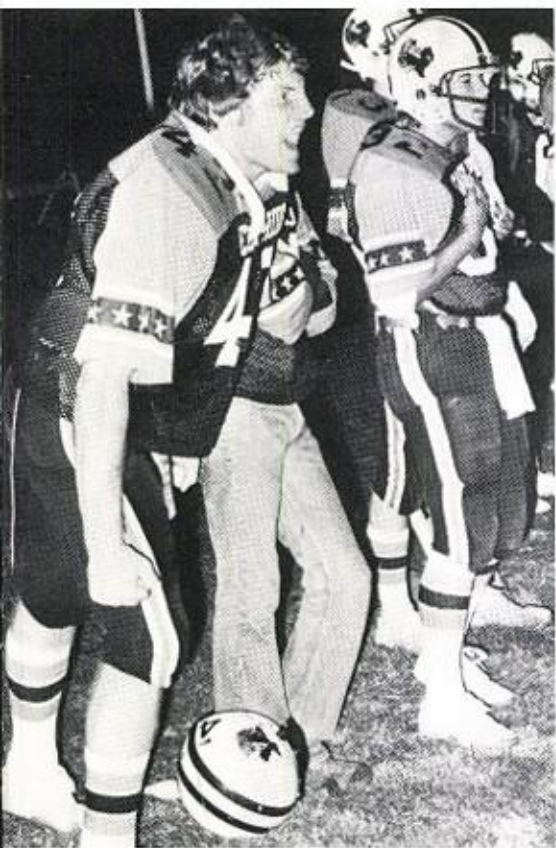

Waiting for the perfect time to connect with the ball, **Steven Ford** takes his turn at bat during the first Wall district game.

Beginning the 238 sweep, Ronnie Carpenter (#10) provides the first step in the progress of this very effective running play while Mickiel Hodge (#65) and Stephen Teel (#70) complete the second step.

District Sleepers Came Alive

Called the "District Sleepers," the Junction Eagles were picked fourth in district. Ozona was picked to lead with Wall, Mason, and Reagan County following.

After losing the first two games to Brady (7-28) and to Sonora (0-14), the Eagles decided to show everyone that "It can be done in '81." They won the next eight games.

To start their 8-game streak, the Eagles defeated the Comfort Bobcats (20-6) and the Center Point Pirates (43-6). Proving they had slept enough for one year, they pulled a surprise vic-

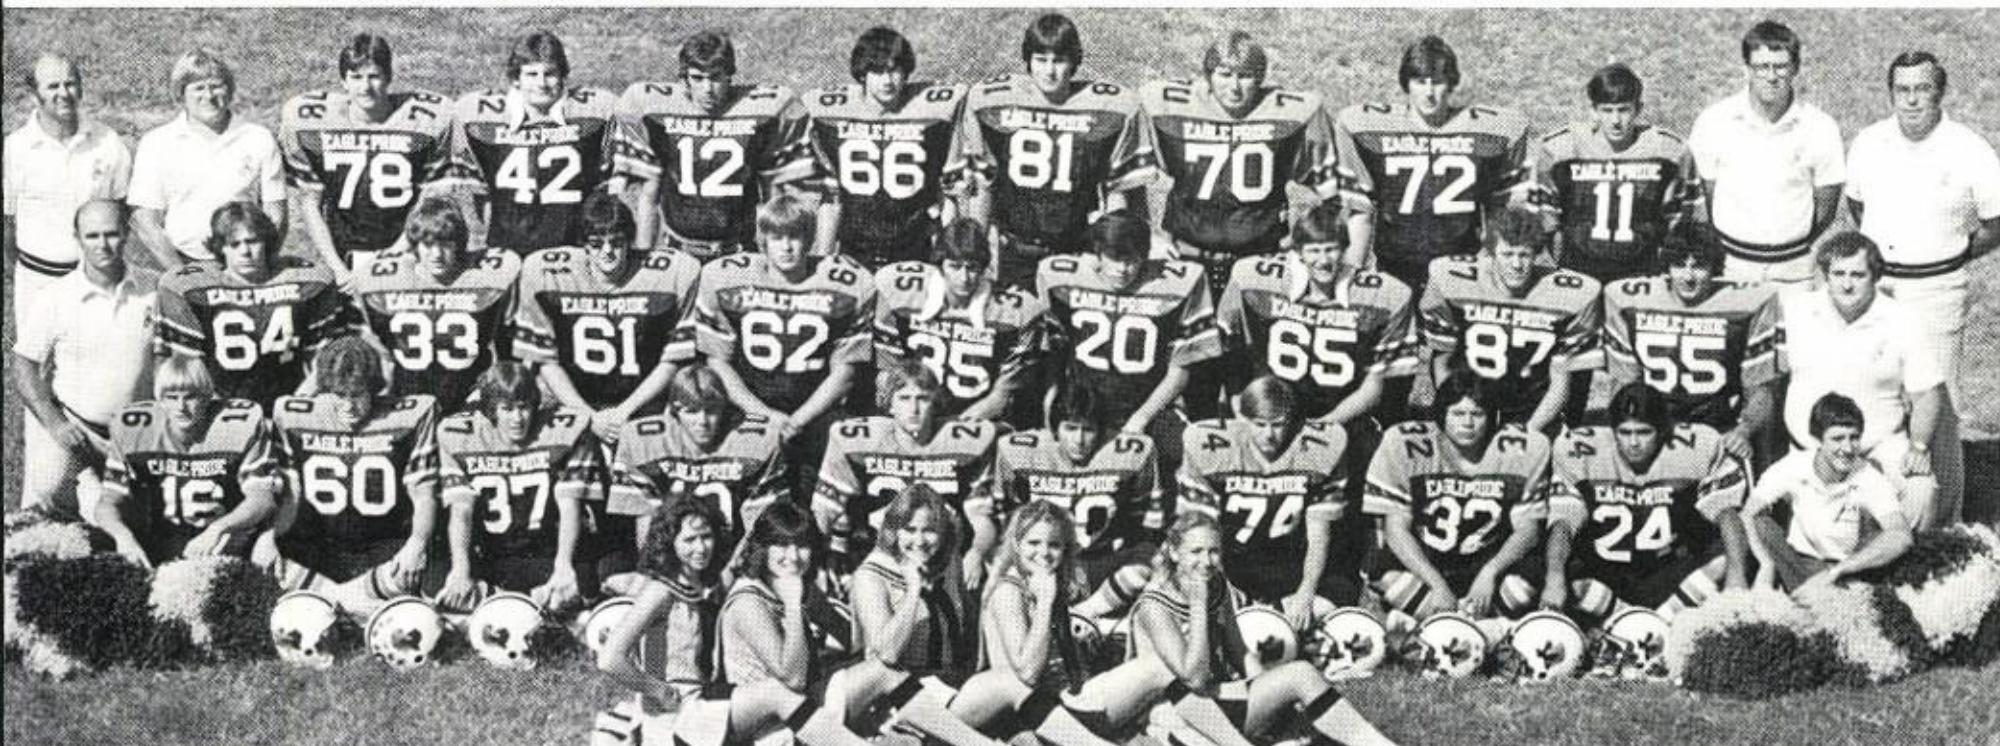

tory over the Ozona Lions (26-7).

The Eagles only shut-out of the year ended with a score of 49 to 0 over the Menard Yellowjackets. The Eagles took charge in the second quarter and never looked back.

During homecoming, the defense took over in the second half and the Eagles defeated Reagan County 35 to 22. A punt blocked by **Mike Davis** helped Junction beat Wall (7-6). Coming into the Eldorado game without tailback **Bobby Hurley**, **David Simon** helped Junction win 40-14.

Overcoming what seemed an impossible dream, the Junction Eagles won the District 9AA crown.

Keeping the Eagle spirit high, Bill-Lee Sloan continuously encourages his teammates.

Varsity team members, coaches, and cheerleaders include (Back Row) Coach Michael Casaday, Coach Danny Stovall, Robert Bierschwale, Bill-Lee Sloan, Bobby Hurley, Conrado Menchaca, Nicky Haines, Stephen Teel, Jay Cashman, Tim Freeman, Coach Karl McCormack, Coach Lynn Spivey, (Third Row) Coach Hugh Doyal, Wesley Treadwell, Mike Davis, Charles Carlile, Chris Harrison, Rex Williams, Steven Ford, Mickiel Hodge, Doug Dobbins, Greg Shaheen, Coach Jerry Brakeville, (Second Row) Rusty Mahnken, Randy Mounce, Bob Templeton, Ronny Carpenter, David Simon, Hector Gonzales, Mark Randolph, Mike Alvarado, Victor Gonzales, Kit Dobbins, trainer; (Front Row) Glenda Page, Donna Abilez, Amy Newbury, Peggy Rose, and Robin Heap.

Blessed With Strength and Speed

"The key to offensive consistency for the Eagles has been the emergence of much needed help for senior tailback **Bobby Hurley**, a three-year starter. Blessed with both strength and speed, **Bobby**, a 6-0' 180 pounder, racked up a total of 1730 yards in 300 rushes during this season." **Coach Lynn Spivey** also stated that **Bobby's** three years of 688 rushes gave him 3,488 total yards and 28 touchdowns.

Bobby has been on the All-District and All-West Texas Teams for three years, All-West Texas Super Team two years, and All-State Team one year. The most exciting game for **Bobby** this year was "when we beat Mason and won district because we didn't think we could do it, but we did." The highlight of the year was "when I found out I got All State."

Giving credit, **Doug Dobbins** said, "Our strength is in our running game with **Bobby**, as every team knows." **Tim Freeman**, commenting on the most exciting play of the year, said, "It was when **Bobby Hurley** ran 77 yards against Ozona because when he crossed the goal line, those were all the points we needed to beat them."

"I like playing sports because I'm able to work under pressure. I have learned the importance of responsibility."

Bobby also participates in track. His early goal was "to go to state in track" later changed to "win at state." As a sophomore, he qualified in the 400 m. relay, 1600 m. relay, and 300 m. intermediate hurdles in regional and went to state in the 110 high hurdles. As a junior he won second in state in the 110 m. hurdles.

In his spare time, **Bobby** likes to swim, lay in the sun, water ski, and play tennis. To stay in shape, "I run a lot and take a lot of vitamins."

Next year **Bobby** plans to go to college and play football and run track.

Sizing up the situation in Eastland, **Bobby Hurley** prepares to get back in the action.

Cutting around a would-be Ozona Lion tackler, **Bobby Hurley** continues for more yards.

Friday, November 13, good luck came to the Eagles as they headed to Mason for the deciding game. People from all around crowded the stadium. On the opening kickoff, Mason drove the ball into their endzone for the first and only score of the first quarter. **David Simon's** superior punting kept Mason deep in their own territory as both defenses prevailed.

Eagle defense toughened in the second quarter and the offense moved the ball steadily. With 2:35 into the quarter, **Bobby Hurley** rambled into the endzone, but Mason led 7-6. After the kickoff, Mason again punted. After 6 plays, 1 penalty, and 40 yards, **Rex Williams** scored. The Eagles led 12-7. Recovering a fumble, 31 yards, and 7 plays later, **Rex Williams** rushed in for yet another touchdown. Junction settled for a 18-7 lead at halftime.

Fans were confident the Eagles

had the crown. Mason threatened our hopes. Faced with a 3rd and long deep in Mason territory, **Ronny Carpenter** threw but **Mike Keller** pulled the only interception of the night for a 87-yard touchdown. At the 18-14 score, the crowd hushed. Adding excitement, Junction fumbled on the kickoff. Three plays later Mason fumbled the game away with **Mike Davis** recovering. Then superior punting by **David Simon** and sacks by **Jay Cashman** and **Mike Davis** held until the Eagles

began to spark. In 10 plays, the Eagles drove 53 yards including crucial 16-yard pass from **Ronny Carpenter** to **Rex Williams**, a 28-yard run by **Bobby Hurley**, and a 7-yard touchdown pass from **Ronny Carpenter** to **Nicky Haines**. The undisputed District 9-AA champions ran out the clock with a 24-14 victory over the Mason Punchers.

Putting pressure on the quarter back. **Jay Cashman** (#72) and **David Simon** (#25) pair up as outside linebackers and try to put Wall out of business.

Watching the ball into his hands, **Doug Dobbins** concentrates as a Ballinger defender chases after him.

COACH OF THE YEAR

Coach Lynn Spivey

They Still Played With Pride

After the most emotional game of the season, the Eagles could not seem to get together in the Bi-District matchup between the 9-AA Junction champions and the 10-AA champions, the Eastland Mavericks.

"The Eagles loss did nothing to tarnish their accomplishments this season. They were still playing with pride at the end when the game was obviously lost. You can't help but admire a bunch like this who won't quit!" commented **Jack Sloan**.

With a touchdown pass from **Ronny Carpenter** to **Bill-Lee Sloan** and a successful PAT by **Mike Alvarado**, the Eastland game ended 7-29 in Brownwood.

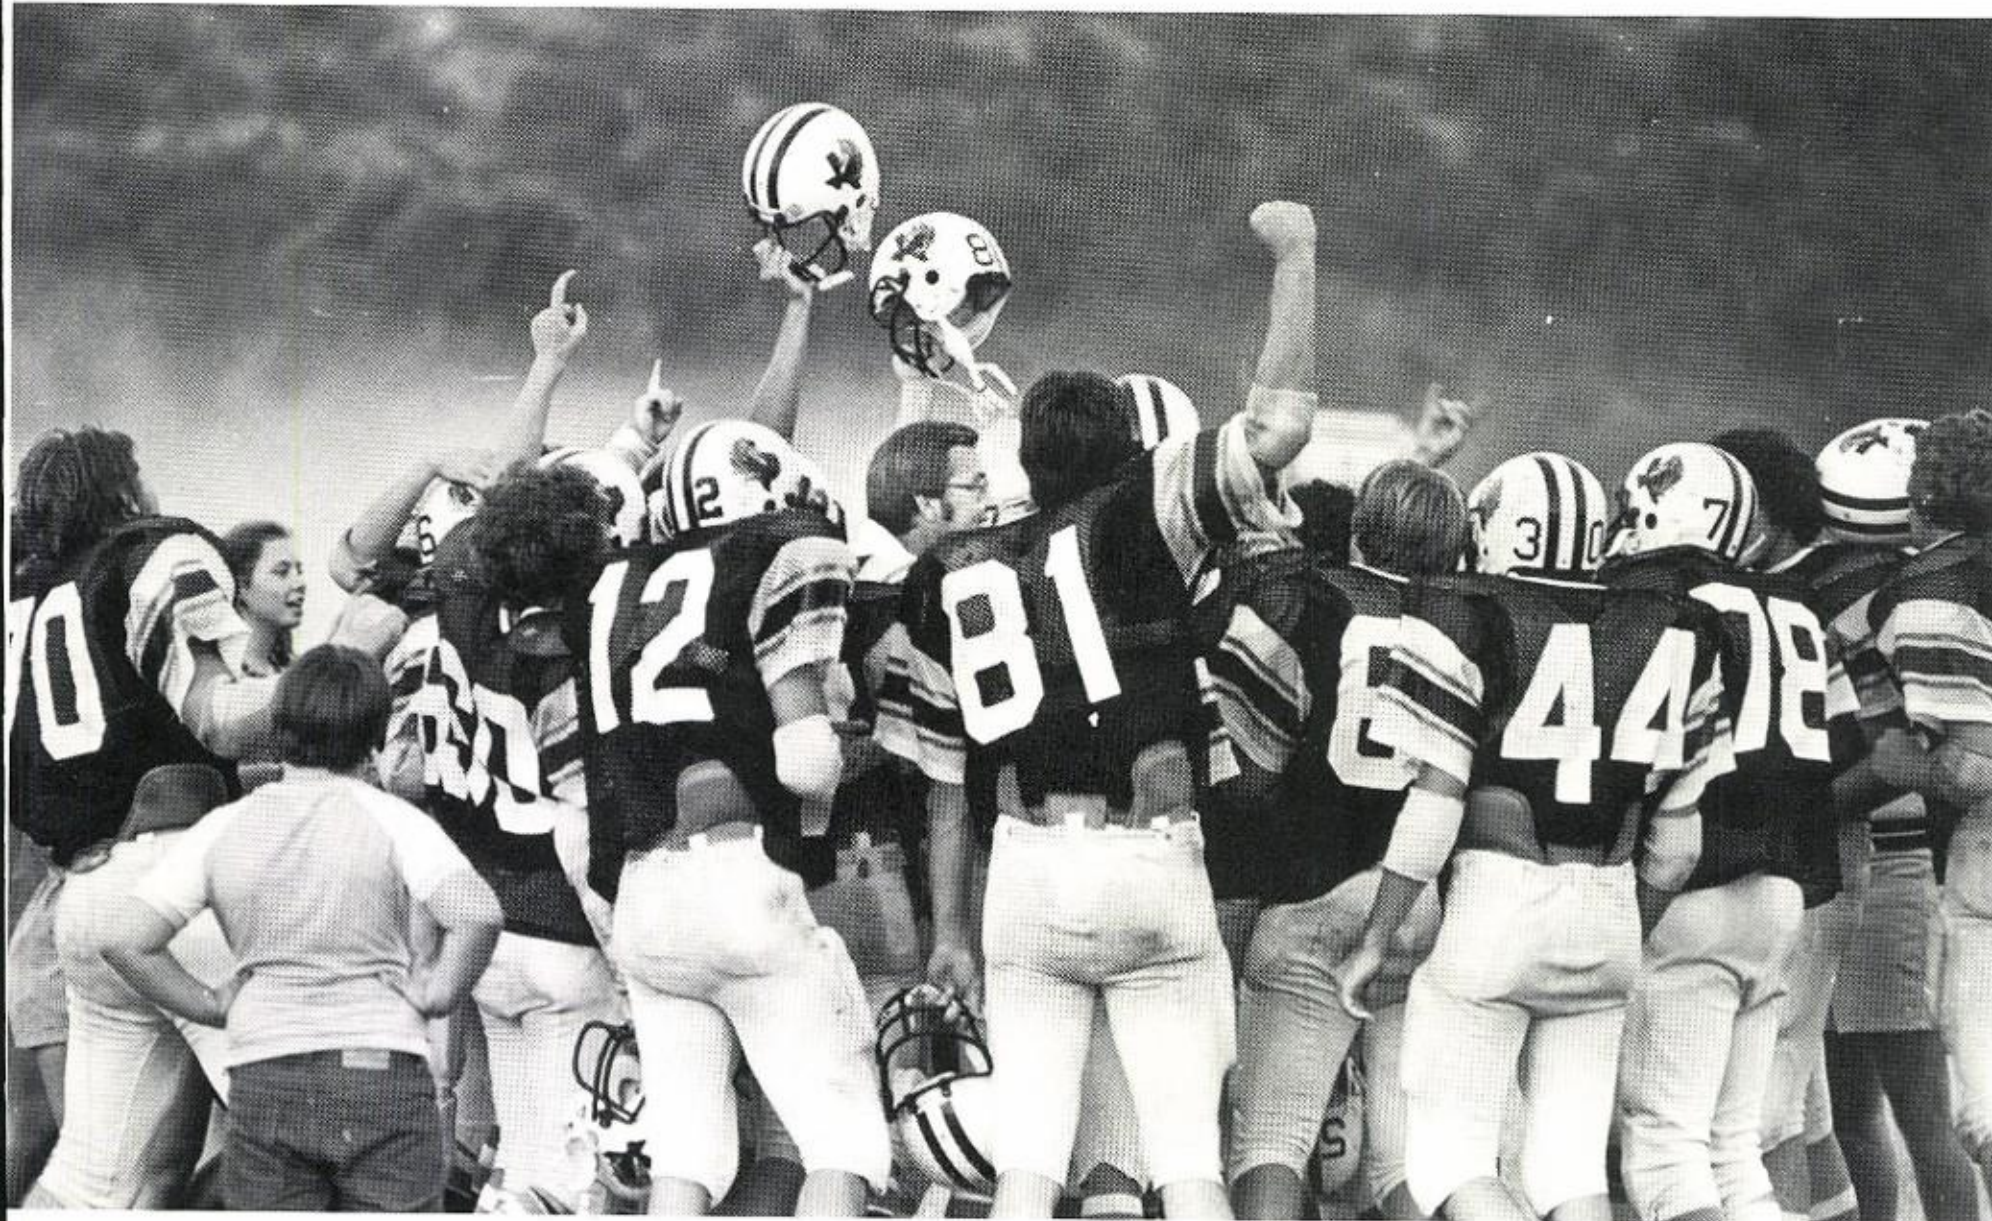

"When we go out on the field, we go as a team, fight as brothers, and all work together to do the best we can," **Rusty Mahnken**

commented about the determined spirit of the team.

"It was a very rewarding year because this was a special bunch of young men who overcame a lot of obstacles to win a district championship when we were picked as far down as fifth. They will have something special to remember the rest of their lives," **Coach Danny Stovall** summed up the season.

"It was a very rewarding year seeing these young men turn into winners and playing as a team! They displayed a lot of character and pride during the year and I am extremely proud of them," according to **Head Coach Lynn Spivey**.

With excitement and high expectations **Coach Lynn Spivey** enjoys the mass of eager and willing Eagles at the Ballinger scrimmage.

Missed by Only One Point

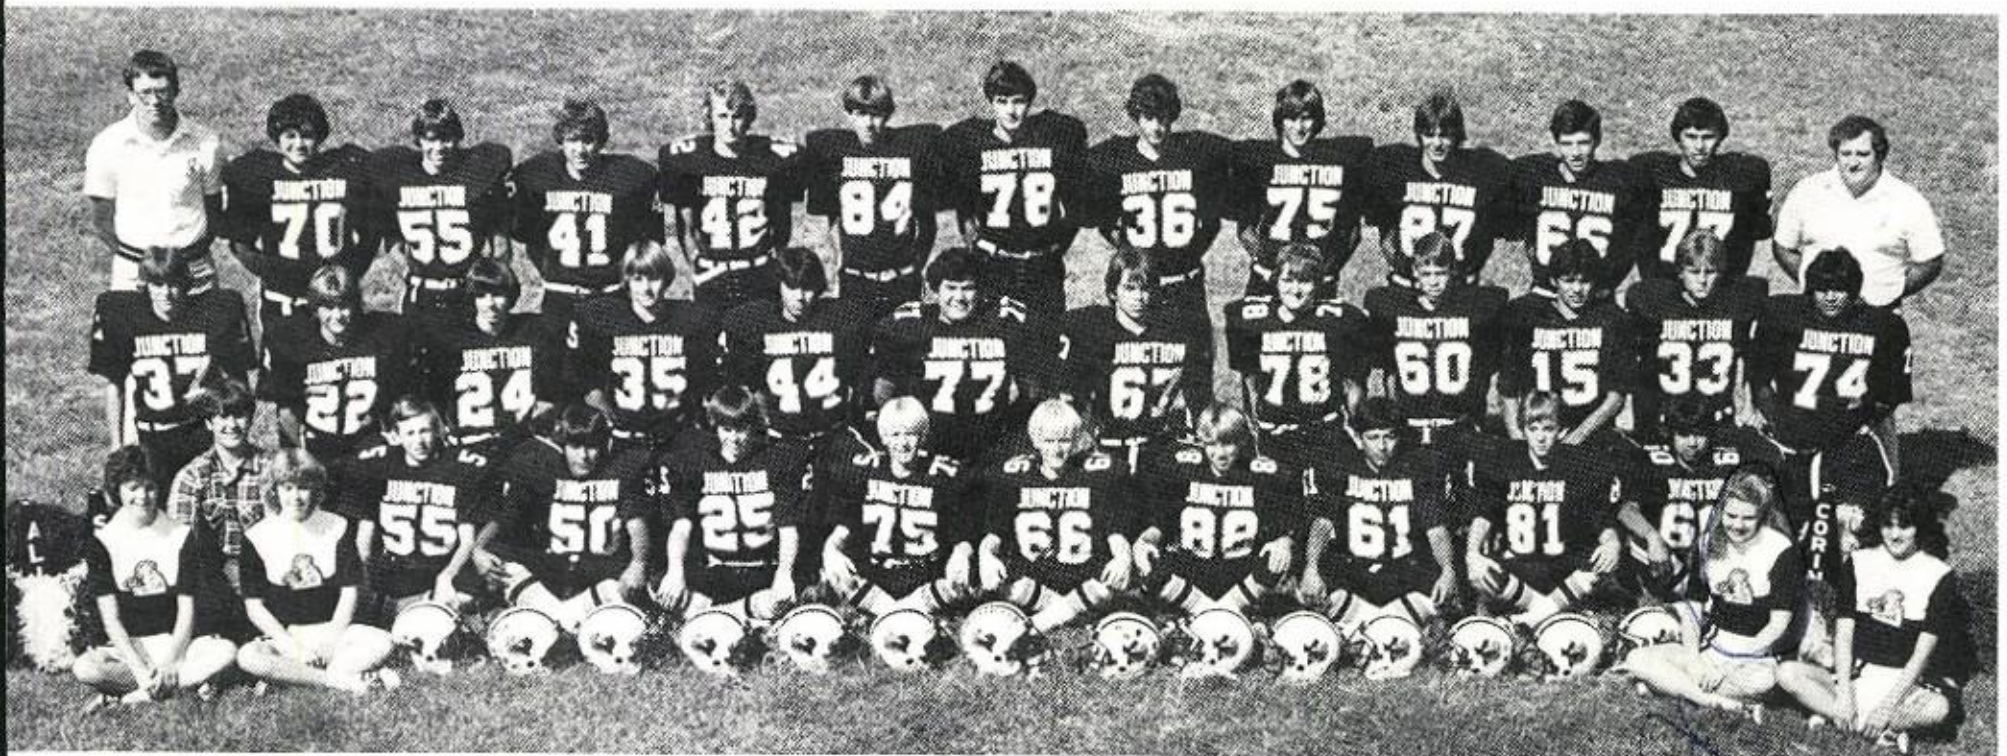

"This group of young men displayed more *pride* and more *character* than any team that I've ever been associated with." **Coach Jerry Brakeville** also commended the leadership of the captains, **Coby Cavaness** and **Mark Cowlshaw**.

The junior varsity team started the year without ever having a winning season and physically smaller and slower than any opponent except Mason. "The young men on this team had lost 32 games more than they had won coming into the

year, yet they only missed winning the district championship by *one* point!" **Coach Brakeville** considered the most exciting game a toss-up between Ozona and Eldorado: "Ozona because we had to score two touchdowns in the last four minutes to come from behind for a 26 to 22 victory and Eldorado because it was for the district championship and we nearly came back in the last 1:32 to win."

Happy with the season record of 5-3-1, **Coach Brakeville** added, "We didn't have any outstanding players, only an outstanding team effort."

Dreams Come True

Decorating the gym, painting the signs, and keeping the fans' hopes alive, the cheerleaders dreams came true. The best thing happened, "becoming the district 9AA champs!" according to **Darla D'Spain**. Other rewards included "having a chance to go and represent our school at Bi-District," said happy cheerleader, **Robin Heap**, and "When 'The Eagle' just came into our lives from its mysterious egg! Just to see the boys' eyes," said **Glenda Page**.

"It's one thing to commit yourself to all the practices, signs, decorating, and all the hard work you have to do that hardly anyone realizes," **Darla D'Spain** mentioned the hardest part of the job. **Peggy Rose** added, "Sometimes it was so frustrating when the spirit was dragging, but Friday night

made it worth it all."

Talking about the football season, **Glenda Page** said, "Mason was the most exciting game because you never knew what was going to happen next. Good or bad, we stuck with them."

At the Eldorado pregame ceremony, **Amy Newbury** was presented the "Cheerleader of the Year." **Mary Martha Johnston**, pep squad captain gave her a charm.

To help pay for signs and decorating, the cheerleaders sold tote bags. They also helped the pep squad sell buttons, jackets,

and candy to pay for a trip later in the year.

The cheerleaders had one big dream and it came true when the Junction Eagles won the district crown and advanced to Bi-District play.

Under the leadership of **Mrs. Nita Spivey**, sponsor, **Mary Martha Johnston**, captain, and **Belinda Cook**, co-captain, the pep squad began the year making goodies for the football boys and recruiting new members.

To raise money, the group sold jackets, buttons, candy and fan poms. Funds helped pay for the

new mascot uniform, decorations, and a later trip. "The hardest part about being in the pep squad was getting everyone to help," according to **Jennifer Sides.**

The Eagle Flew In

From its mysterious egg, **The Eagle** mascot made its grand appearance at the Ozona pep rally, the first district rally.

"My favorite activity was being the mascot. I like being able to show spirit and to see that smile from ear to ear on the boys during the pep rallies. I began to feel their happiness, joy, and fears." **Ruby Gentry** brought **The Eagle** mascot suit alive.

"**The Eagle** is a proud bird; I think we really lived up to our mascot this year — the school, its spirit and pride. Our team stood proud, spirited, and strong. We have all the characteristics to be as mighty as **The Eagle**." **Peggy**

Rose gave her comments about our team and our mascot.

Darla D'Spain said, "I guess the best thing at the pep rallies was the new mascot suit. No one, not even the cheerleaders, knew we were getting a new suit. Just to see the expressions on the faces of the team and crowd made me feel good all over."

Everyone experienced excitement when this unique **Eagle** flew into the lives of JHS from the wild blue yonder.

'Out on Top'

"With an average of 41 points per game," **Coach Karl McCormack** considered the junior varsity boys season successful. "We played as a unit and developed confidence. **David Doyal**, the leading scorer, made 175 points.

After falling behind 10-0 at the quarter, the win of 32-31 over Wall made this game the most exciting. **Margarito Flores** said, "They had a big tough team, but surprisingly we came out on top."

Team members rated the last season game with Eldorado as most important. "If we beat them, we would be second in district and we wanted to finish the season with a win — and we did."

"Holding Menard scoreless the

entire first half, the junior varsity girls won the game going away." **Coach Charlotte Dehnel** considered the district game with Menard the best, but the game with Ozona there as the most important learning situation. "Fourteen points down, we caught up and put the game in overtime. Eventually Ozona took the game, but the girls learned they could play 'catch up'."

Angie Wiedemann made the season highlight by scoring her first two points.

"We didn't win a lot of games,

Alan Herring said, "It was the first time any of us had even seen a high school game go over 100 points, much less be the ones doing it. It was unbelievable!" **Coach Brakeville** added, "It was the only time all year that everything went our way."

With optimism, the varsity boys began the season with two wins over Llano. In the district opener, **Coach Brakeville** said, "The game was tough, we had to win and we did. It was the first time we had beaten Wall in several years."

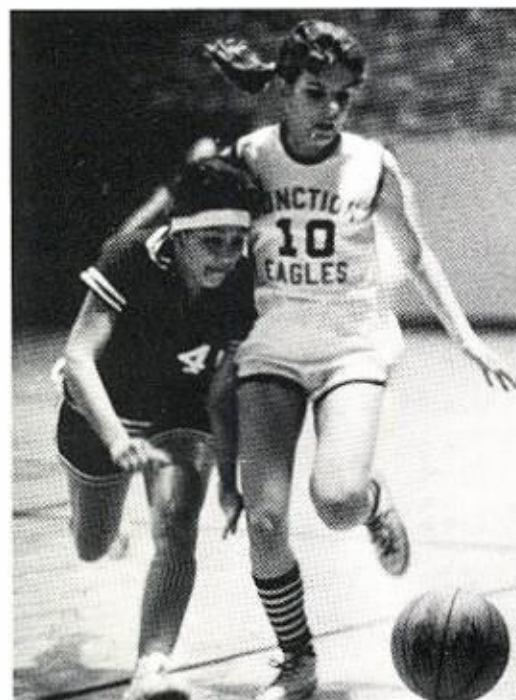

Menard created a turning point. Momentum and confidence were broken. **Coach Brakeville** said, "Our team had a lot more potential than it showed. We just couldn't seem to get our act together and keep it together."

"It was very important to leave high school basketball on a high note, and we beat Eldorado. The greatest challenge is to beat the man guarding you and get a bucket, the satisfaction is great," said **Tim Freeman**.

Control Ball in Wall

"Young and inexperienced, we hustled and worked hard," said **Coach Charlotte Dehnel**. "We depended upon the floor leadership of our only two seniors, **Doreen Robles** and **Donna Abilez**. Our main goal for the varsity girls was to be competitive every game."

On the exciting game with Mason, **Linda Page** said, "We were behind most of the game. At the end we were only two points behind. I had the ball and the buzzer was about to ring. I shot a short jump shot anyway. It rolled

around the rim and hung there, falling off the right side and leaving the score 42-44."

"With a well organized game plan which we executed perfectly in Wall, we proved we could play control basketball," said **Coach Dehnel**. **Lainey Murff** said, "We ran Wall up and down the floor. We really had them scared, but we just couldn't seem to put the ball in the hole."

Linda Page, the leading scorer, made 187 points in the 25 games, followed closely by **Shelly Spiller** with 173 and **Kem Schwartz** with 167.

We Love To Run

Eight girls began the season with four newcomers, **Coach Charlotte Dehnel** and three boys; and cross country was off and running.

"The running was so much different from track," **Junior Coursey** said. Over logs, bridges, hills and golf courses and through the woods, mud, and wet grass, the girls ran two miles while the boys ran three in the meets.

Meets began early on Saturday mornings. Some races seemed twice as long and each race was unique. Often there were from 60 to 100 competitors. Each one trying to decrease time from the previous meet, to beat as many people as possible, and to never get last.

In the junior varsity division, the boys excelled from the first meet in Austin where **Jerry Tarpley** placed 1st in 16:55, **Junior Coursey** placed 40th, and **Greg Brawley** 41st in the freshman division. Since five members make a team, the boys competed only individually.

In the Austin meet, **Shelly Spiller** recorded her best time of 13:44. Hondo proved to be the best for **Jerry Tarpley**, **Greg Brawley**, **Daynah Davis**, and **Junior Coursey** with respective times of 15:48, 20:47, 13:34 and 18:10. **Lainey Murff** ran her best time of 13:25 in regional at Lubbock, along with **Linda Page** with 14:33. In Brownwood when the weather was the coldest, **Kem Schwartz** ran in 12:44; **Suzanne Abilez**, 13:43; **Robin Heap**, 14:33, and **Sheri Templeton**, 15:06.

After placing 9th in regional, **Jerry Tarpley** went to state where unfortunately he became sick during the race and was unable to finish. The varsity girls' team of **Linda Page**, **Kem Schwartz**, **Daynah Davis**, **Lainey Murff**, **Suzanne Abilez**, **Robin Heap** and **Sheri Templeton** placed 3rd in regional and competed at state, placing 9th with a total of 203 points. Individually **Kem Schwartz** placed 15th with a time of 12:54.

Competing Against the Best

Going all the way to state, two sophomores and two seniors won three medals in the final meet of the season.

"Knowing you are going to compete against eight of the best people in the state in your class," said **Bobby Hurley**, "is the most exciting." **Bobby** finished with his best time of the season at Austin in both hurdles placing fourth in the 110 m. high hurdles with a 14.3. He battled for and won the silver medal in the 300 m. intermediate hurdles with a 38.4. "I reached my time goals but still didn't reach my other goal which was to win a gold medal."

During the Mason relays, **Bobby Hurley** set a new record of 14.87 in the 110 m. hurdles. In order to qualify for regional, **Bobby** ran a 14.59 for the gold in the 110's and received the silver medal in the 300's with a 38.77. In Stephenville, **Bobby** set two new records and walked away with the gold in both events with a 14.46 in the 110's and a 38.67 in the 300's.

Kem Schwartz, the only girl reaching state, earned the silver medal for her outstanding time of 12:01.00 in the 3200 m. run in Austin. "The most special part of the whole year was when I finished state and received my medal," said **Kem Schwartz**. She also broke the district 9-2A meet record in Eldorado with a time of 12:17.9. Completing the clean sweep, **Kem** took the gold at Stephenville with 12:10.9, showing steady improvement throughout the season.

Senior **Mike Davis** came in third in state, clearing a height of 13 feet. Early in the season, Mike Davis cleared fourteen

feet in Mason and 13'6" in Junction and Ozona, setting a new district meet record.

Hurling the discus to a fourth place at state, **Jay Cashman** made a 158'8" toss. With a season best of 159'10", **Jay** took first place during the Brady Relays. With a slump in competition in district **Jay** took an unchallenged first place with a fling of 135'10". At Stephenville, **Jay** took second with a toss of 151'4" and qualified for state.

After **Corinne's** disappointing fall in the prelims of the 100 m. hurdles, **Coach Charlotte Dehnel** and **Corrine Robles** time the remaining heats.

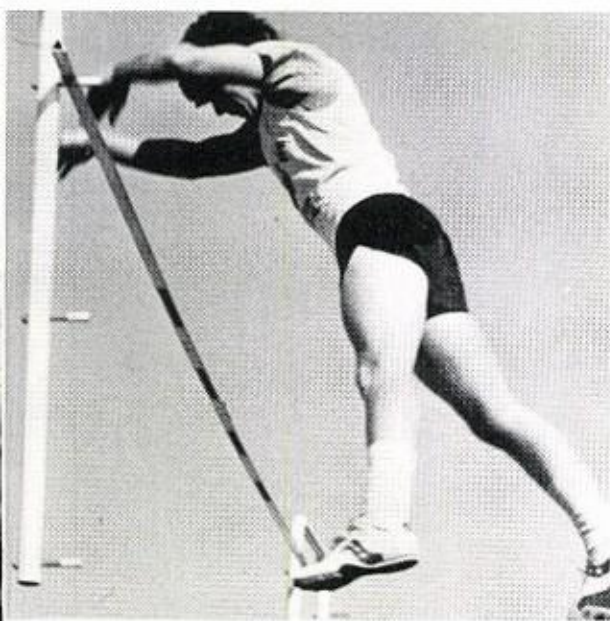

Cutting the tape, **David Alvarado** crosses the finish line first in the 400 m. dash in the Eagle relays with **David Doyal** finishing fourth in the prelims.

Around and round he goes. **Jay Cashman** tenses every muscle needed to throw the discus to 142'7", placing first in the Junction meet.

Watch out below! Careful not to touch the pole, **Mike Davis** vaults 13'6" to finish second in the Eagle relays.

Casually strolling across the field, **Bob Templeton** helps **Kem Schwartz** prepare for the 3200 meter run in district, the starting point for her sprint for the silver medal in Austin.

Crossing the finish line with ease **Bobby Hurley** completes the 300 m. intermediate hurdles in the Junction meet. In Austin, Hurley took second in state.

Strength and Speed

"I had the strength and the speed to be a shot putter," mentioned **Linda Page**, who placed fourth in the district competition. "Knowing that my teammates were behind me and yelling for me really helped." On the lighter side, one of the highlights in the Eldorado district meet occurred when "**Kim Hooker** almost hit the Reagan County coach in the head with the discus." Also bringing in points for the Eagles in the long jump, **Monica Menchaca** sprang to a 15' 5.75" and a sixth place in the Mason Relays.

Bringing sprinter depth to Junction, **Sandra Randle** took the silver medal at the Eldorado meet with a 28.3 in the 200 m. dash while **Corinne Robles** took the bronze at Mason with a 16.67 in the 100 m. hurdles. Regional hopes for **Corinne** were shattered when she took a fall during the District meet in Eldorado, but the determined freshman got up and finished third in her heat.

Falling on the mat, **Margarito Flores** clears a winning height of 6'1" in the Junction meet.

Sprinting the first leg of the 400 meter relay, **Vicente Menchaca** comes out of the blocks sprinting toward the first curve.

Girls' track team members include (Back Row) **Dana Phillips, Sandra Randle, Corinne Robles, Lynne Boyd, Monica Menchaca, Teresa Albright,** (Second Row) **Coach Charlotte Dehnel, Lainey Murff,**

Moving on, Bobby Hurley places first in the 110 high hurdles in the Junction meet.

Breaking the Records

Gaining the most points for the boys' season, field events took the lead. The Sonora relays found discus hurler **Chris Castillo** breaking the junior varsity division record with 117'2". In pole vault competition **Todd Overstreet** placed 2nd with 12'. In the Bronco Relay's running events, the 400 meter relay of **Tooter Schulze, Vicente Menchaca, Jeff Adams, and David Alvarado** placed third with a time of 47.89.

Back home in the Junction Relays, high-jumper **Margarito Flores** soared 6'1" to capture first place while teammate **Nicky Haines** came up to take the silver medal also with the height of 6'1". **Joe Hough** tossed the discus 124'1" to gain a bronze medal. Doing well in both hurdle events, **James Gentry** placed second in the 110 m. high hurdles with a time of 16.87 in Junction, and first in the 300 m. intermediate hurdles with a 42.9 during the district meet in Ozona.

Running the 1600 m. **Jerry Roper** came in fourth with a 4:55.53 during the district competition at Ozona. Other individual placings at district include: **Derrick Menchaca**, second in the shotput, **Ramiro Castillo**, third in shot, **Steven Ford**, third in the discus, **Tooter Schulze**, first in pole vault with 12' and a new junior varsity record, and **David Alvarado**, placing fourth with a 54.95 in the 400 m. dash.

Practice makes perfect. During the Junction meet, **Felipa Flores** runs the 110 meter low hurdles in form.

Hurling the discus in the district meet in Eldorado, **Jo Ann Boyd**, concentrates on her throw.

Boys' track team members include (Back Row) Coach Lynn Spivey, Ramiro Castillo, Junior Coursey, Tooter Schulze, Todd Overstreet, Robert Clark, Chris Castillo, Margarito Flores, Doug Mounce, manager; (Second Row) Derrick Menchaca, Ladd Campbell, Mike Davis, Rusty Mahnken, Nicky Haines, David Alvarado, (Front Row) Jonathan Campbell, Bobby Hurley, James Gentry, David Doyal, Steven Ford, David Simon, and Jay Cashman.

Going all out, **Derrick Menchaca** throws the shot while **Todd Bynum** and **Coach Michael Casaday** assist with the meet.

As **Lynne Boyd** crosses the finish line completing the 400 meter dash, **Kim Hooker**

and **Suzanne Abilez** show their support.

'You Gain Confidence'

Distance runners **Lainey Murff** and **Suzanne Abilez** gave everyone a run for the money, both just missing the chance to go to regional. **Lainey** placed third in the two-mile event with a time of 14:00.69. **Suzanne** also placed third in the 1600 m. run with a time of 6:02.

Reaping the fruits of her labor, **Alisa Schmidt** ran a 2:29.71 in the 800 m. dash to take the silver

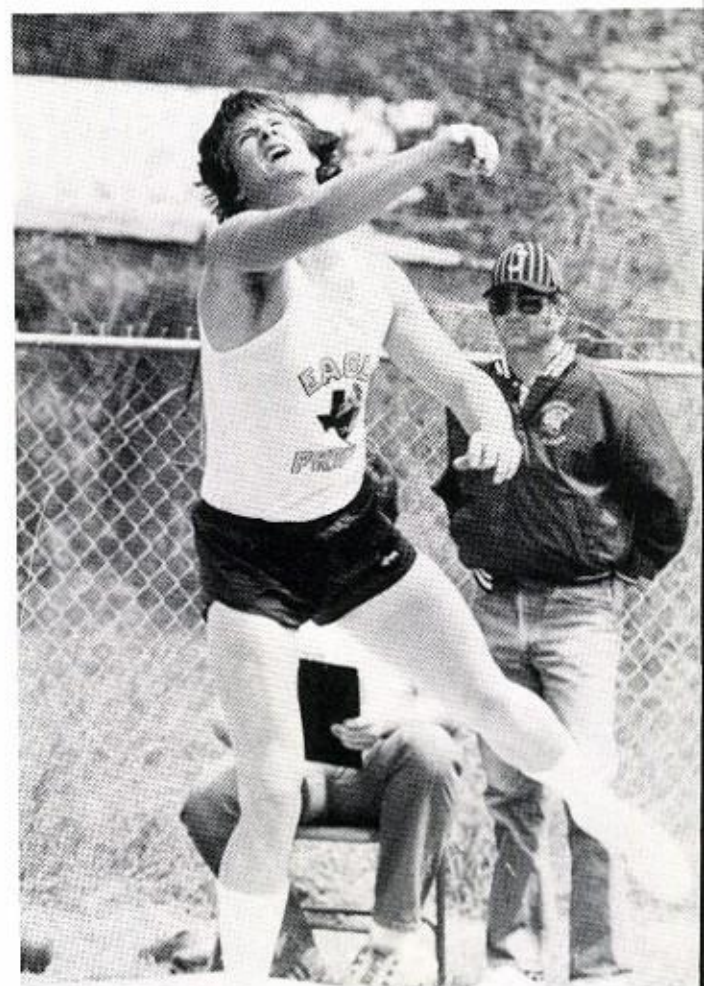

medal in district and qualify for the regional meet in Stephenville where she placed third. **Alisa Schmidt** and **Kem Schwartz** were the only track girls that continued on to higher competition. Participating in events, "you gain confidence in yourself," said one track member, "and you get a positive attitude that you have got as good a chance as anyone else."

Lunch time! Taking it easy at the Eldorado meet, **Kim Hooker**, **Sandra Martin**, and **Angela Wiedemann** have

plenty of munches. They are waiting for all the action to come to an end at the district meet.

After completing the 200 meter dash, **Dana Phillips** glides to a stop in the preliminaries of the Junction Relays.

Up and away! **Nicky Haines** lunges the shot forward to take first place during the Junction Relays.

Take off! David Simon heads down the runway vaulting 12 feet. He finishes 4th in the Junction relays.

Quite an Honor

Ending the season on top, six players advanced to regional competition and five to the state tourney: **Chris Harrison** and **Shelly Spiller** in singles, **Donna Abilez** and **Doreen Robles**, **Doug Dobbins**, and **Bill Johnston** in doubles.

Defeated in the district meet by **Tracy Tatum** of Big Lake, 6-2, 6-2, **Shelly Spiller** came back to beat her in the regional meet by a score of 6-2, 6-1. "The most exciting moment of the year was when I defeated **Tracy Tatum**

during the regional finals," said **Shelly**. At the state meet, **Nancy Metcalf** of Franklin took the gold from **Shelly** 6-1, 6-3. **Shelly Spiller's** season ended with 37 wins and 2 losses.

"The most exciting thing was going to the state tournament. It is quite an honor!" said **Donna Abilez**. **Donna** and her partner, **Doreen Robles**, met the team from Mason, consisting of **Kelly Patterson** and **C. J. Tallent**, each time in the finals at all three major contests. In the district tourney, **Donna Abilez** and **Doreen Robles** took the victory 6-1, 7-5. At the regional tourney and the State tourney, the Masonites took the gold medals by the respective scores of 6-4, 6-1, and 6-1, 6-3. "The worse thing that happened was losing at the state tournament, especially when you could have beaten the team you played. But I will always have this thought in mind, 'We have beaten the state champs!'" **Donna** said.

Reaching for the return, **Bill Johnston** watches the ball with intense concentration.

In his own special style, **Doug Dobbins** gives spectators something to cheer about during the Junction meet.

Taking on the World

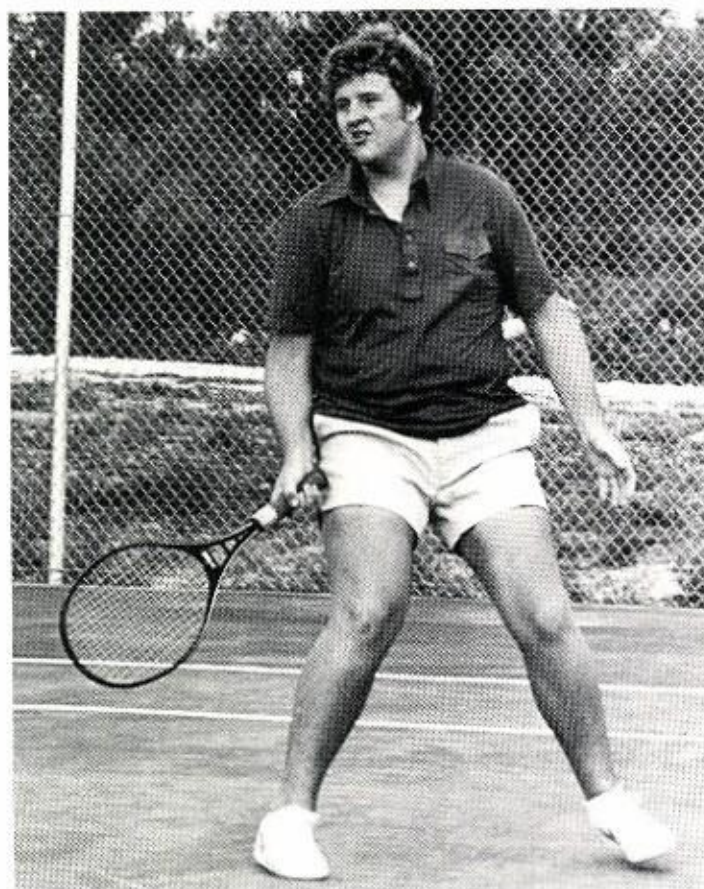

With a combined record of 55 wins and 17 losses, **Bill Johnston** and **Doug Dobbins** teamed up to take on the world. At the district tourney, they defeated **Peter Hey** and **Mitchell Gentry** of Mason 6-7, 6-0, 6-3. During the finals of the regional meet, the two teams met again, but Mason prevailed this time by a score of 4-6, 6-1, 7-5. However, **Bill Johnston** and **Doug Dobbins** were still in the running with a second at regional. During the first round of the state tourney, the defending state champions from Nueces Canyon defeated the Junction duo by a score of 6-0, 6-2.

Although **Chris Harrison**, in boys singles competition, was beaten at district by Wall's **Kelly McAfee** with a score of 6-1, 6-3, **Chris** qualified for regional with the silver medal. During the regional tourney, a fall on his right arm caused an injury that denied the results of the match, **Chris** had to forfeit his chance at a state championship.

Competing in girls doubles, **Robin Heap** and **Glenda Page** placed fourth in the district meet. **Ronny Carpenter** and **Mike Maples** placed third at the boys' district tourney in the doubles division. **Al Campbell** also took a third place in boys singles in district.

At the Ingram Tennis Center, **Robin Heap** awaits her partner's serve during practice.

Coming down after her serve, **Glenda Page** plays on the Ingram courts during the Junction meet.

Heading for a more strategic position, **Mike Maples** watches the opposing team's action.

'In a Dead Heat'

The Junction Eagle golf team provided district 9-2A with stiff competition. The boys team, led by seniors **Tim Freeman** and **Bob Templeton**, placed fourth, only 31 short strokes from regional-qualifying second.

Dani Thompson and **Sheri Templeton**, two sophomores, completed individually and finished 11th and 17th respectively.

Tim Freeman and **Bob Templeton**, finishing fourth and tying for ninth, became a part of the all-district team. Other Eagle golfers included: **Bill Templeton**, finishing 19th, **Steven Zeitters**, 20th, **Rob Spiller**, 21st, and **Mike Alvarado**, 25th.

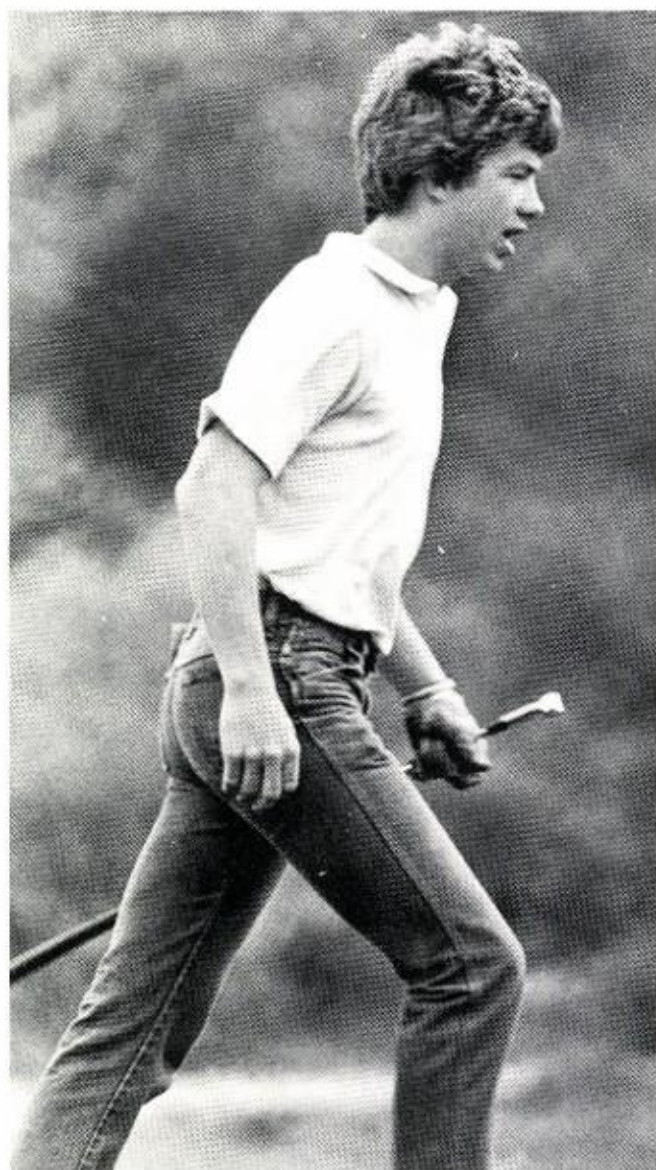

Commenting on her most memorable moment in the Junction tourney, **Dani Thomson** said, "I had a birdie (3) on hole No. 9." **Tim Freeman** said, "The comradary and friendship I developed through the year will be long remembered." "The biggest challenge was putting the ball in the hole," according to **Rob Spiller**. The highlight for **Stephen**

Think Baseball

"All of the guys tried real hard to be the best. We wanted to win district and go into the playoffs," said **Rusty Mahnken**. "I enjoyed being a part of the team because of all the sacrifices the guys made to be the best." Practicing about 15 hours a week left little time except for schoolwork and sleep. One player said, "you don't have time to think about anything but baseball."

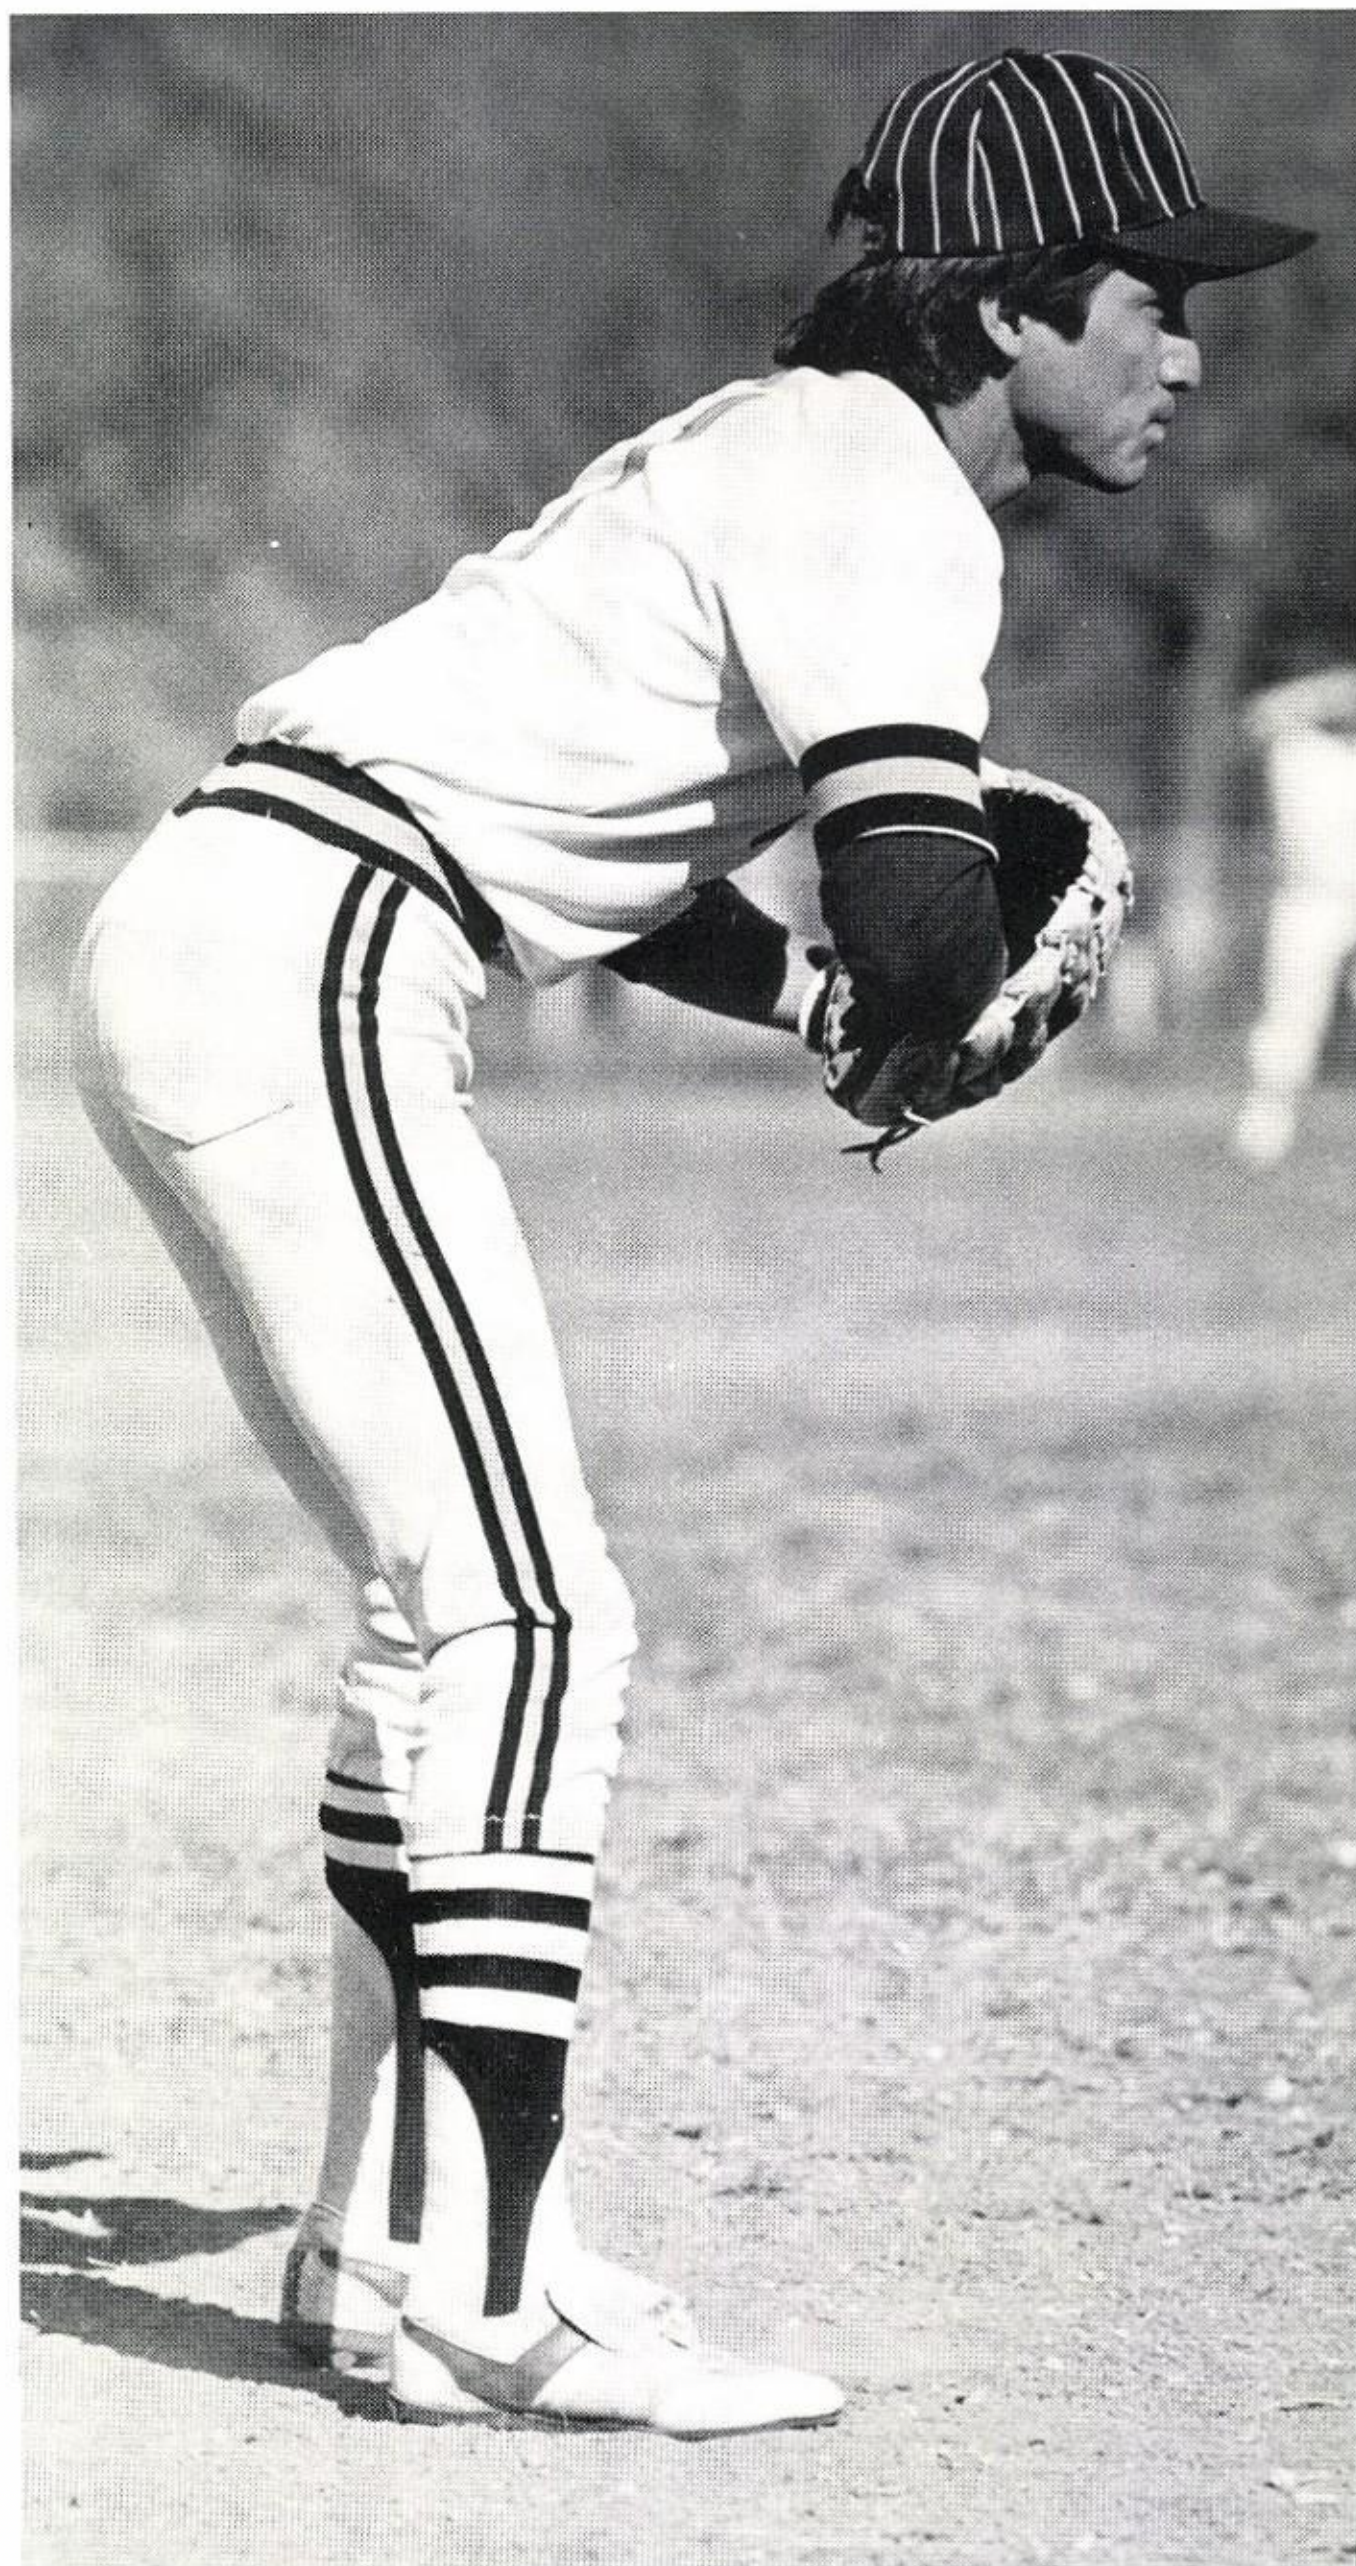

One close game with Fredericksburg went into 11 innings. Junction pulled out a 9-8 victory.

Most rewarding to **Coach Mick Casaday** was winning the Comfort tournament and being district 9-2A champions during his first year as coach. **Coach Lynn Spivey**, athletic director, hesitatingly substituted for **Coach Casaday** in the first district game against Wall. **Casaday** was ill. **Spivey** led the Eagle shut-out of the Wall Hawks 11-0, in spite of his previous substitution record.

Between May 28 and June 1, the Eagles will possibly face Clifton for the chance to compete in the state tournament. Clifton dashed the Eagles hopes of a state championship last year by the score of 5-4.

On and Off Stage

"To get us warmed up, we start with 'Opener,'" said **Jackie Owens**, band president. The stage band attended solo and ensemble contest in Brownwood at Howard Payne University in February and received a division one rating. Two jazz numbers, "Dues Blues" and "Getting Straight" followed the swinging number, "Tater Patch." Senior members received scholarship opportunities.

Greg Shaheen, trombone; **Jonathan Campbell**, tuba; and **Jerry Roper**, trumpet; received a first division in their solo performances. A second division was awarded to the trumpet quartet of **Mike Maples**, **Jackie Owens**, **Shelly Spiller**, and **Jerry Roper**.

Aiming for a Perfect Performance

To have a flawless performance at marching contest in Brady on November 14 became the first goal of the band. Every moment from 8:15 to 9:10 a.m. during the week and from 6:00 to 9:00 p.m. on Tuesday nights was spent perfecting each note and step for perfect harmony and alignment. The video camera aided in perfecting the routines.

Even after the bonfire on Thursday night, November 12, band members had no time to socialize. They practiced for hours at the Hill Country Stadium for the upcoming contest. Comments heard between songs

were "If we put our minds to it, we can do it," "faith in ourselves," and "the hard work is paying off!"

The marching band, consisting of 36 horns, 9 drummers, 4 twirlers, 8 flags, and 1 drum major, blessed the town with a lovely Christmas concert in the auditorium on December 14.

Seeing the show as a success, along with the entire student body, they were dismayed at the Division III rating. **Debbie Gellermann** received a first for her solo routine. **Susan Hughes**, the feature twirler, received a disappointing second. **Candy Nail, Duchess Hill, Susan**

Hughes and **Debbie Gellermann** gladly accepted a first for their ensemble performance.

Along with marching, three students took time to learn music to compete for district held in Coleman on November 21. **Greg Sheheen**, trombone; **Jerry Roper**,

baritone; and **Jonathan Campbell**, tuba; all won first chair, entitling them to go to regional at Stephenville on December 4. **Jonathan** and **Jerry** again took a first and **Greg** took a second. **Jonathan** and **Jerry** advanced to the area contest in Austin on January 16.

At the Menard halftime, **Debbie Keith** concentrates on the routine while **Kim Simmons, Charla Crites, Leslie Wicker, Melvin Conner, Melinda Dunbar, Corinne Robles,** and **Al Campbell** play with the band.

While playing her alto saxophone, **Melissa Peña** marches the routine as directed during the Big Lake halftime.

EXCHANGE STUDENT

More School Spirit

Students found a new friend when they met **Angela Wiedemann**, a foreign exchange student from Enkirch, Germany. She was sponsored by the Rotary Club.

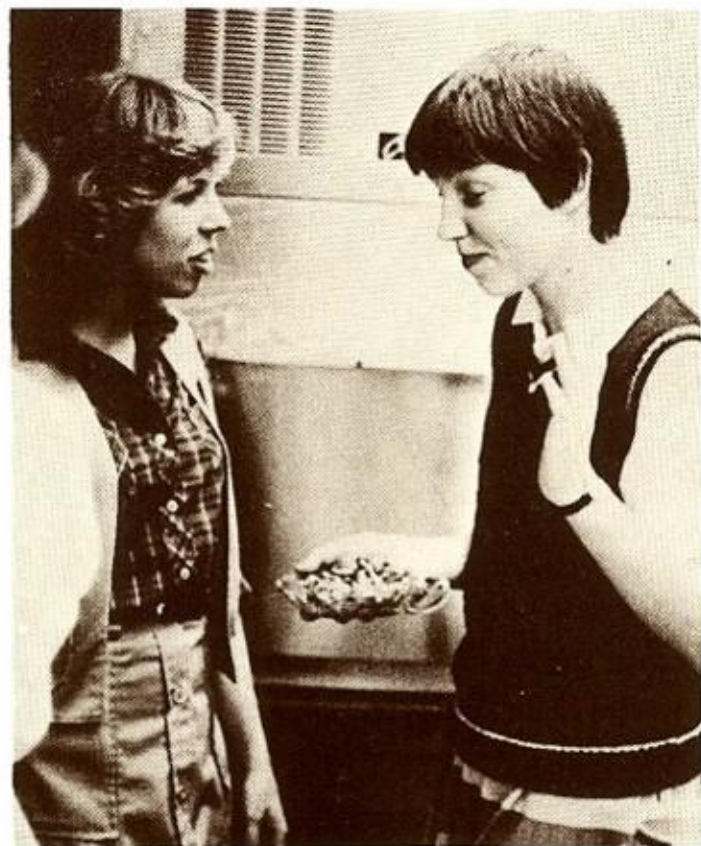

Angela chose the United States because "it is very famous in Europe." Also, the exchange year in the US began in the summer, the time when she chose to visit another country.

"School differs here in that each class mixes together — freshmen through seniors. There are many more activities, elective classes, sports after school, and so much school spirit here."

"Usually in Germany we wear skirts and shorts when it is warm and not so many jeans. Each year our fashions completely change. At home, we don't

"I just like to study languages. Studying languages is like a hobby for me." **Thomas McDonald**, a senior, added another language to his knowledge.

Thomas, his own teacher, had the freedom to repeat lessons that were difficult. "I can learn better if I learn on my own since I can set my own pace. I come into the library daily, but if I can't get into really studying that day, I repeat a lesson over and over until I feel I've learned it completely. Then I go on."

"German is a very difficult language to learn because the sounds are so different," said **Thomas**. "But after distinguishing the sounds, it's just a matter of learning vocabulary."

In addition to Spanish, after **Thomas** conquers the basics of Latin and German, he plans to study either French or Russian.

YEAR BOOK

'Show It Don't Blow It'

"Flustered" best described the twelve staff members who worked doubly hard to meet their first deadline, February 1. With little or no experience, each member took the responsibility to produce page after page of gathered information and layout designs.

By no means though did the staff not have fun. One member said, "Yearbook classes can be compared to M*A*S*H. Jokes are always being told. It's just plain hilarity! We do, though, have our serious, down-to-earth moments."

To help finance their \$9,000 project, members first sold yearbook advertising. **Tami Walker** and **Jo Ann Boyd** soon began rummaging through old and new slides to put together a music, slide show to assist selling the 1982 books. The week of the assembly, **Anita Gonzales**, **Teresa Williams**, **Tami Walker**, and **Jo Ann Boyd** made announcements with **Mrs. Tommie Gaston's** and **Mr. Mike Caplinger's** assistance. The assembly was a success with approximately 190 books sold.

During the summer, seven students attended the Tarleton-Taylor Workshop, learning about yearbooks and photography. Most stayed up all night to complete layout designs for the competition. This group gladly accepted the first place plaque at the closing luncheon.

At the October Brownwood

workshop, yearbook students left at 5:45 and spent the day developing original ideas. **Angel Modesto** assisted in teaching photography sessions. The chant, "Show it, don't blow it, is what we have to do, we're the yearbook staff of 1982" became the slogan on the way home.

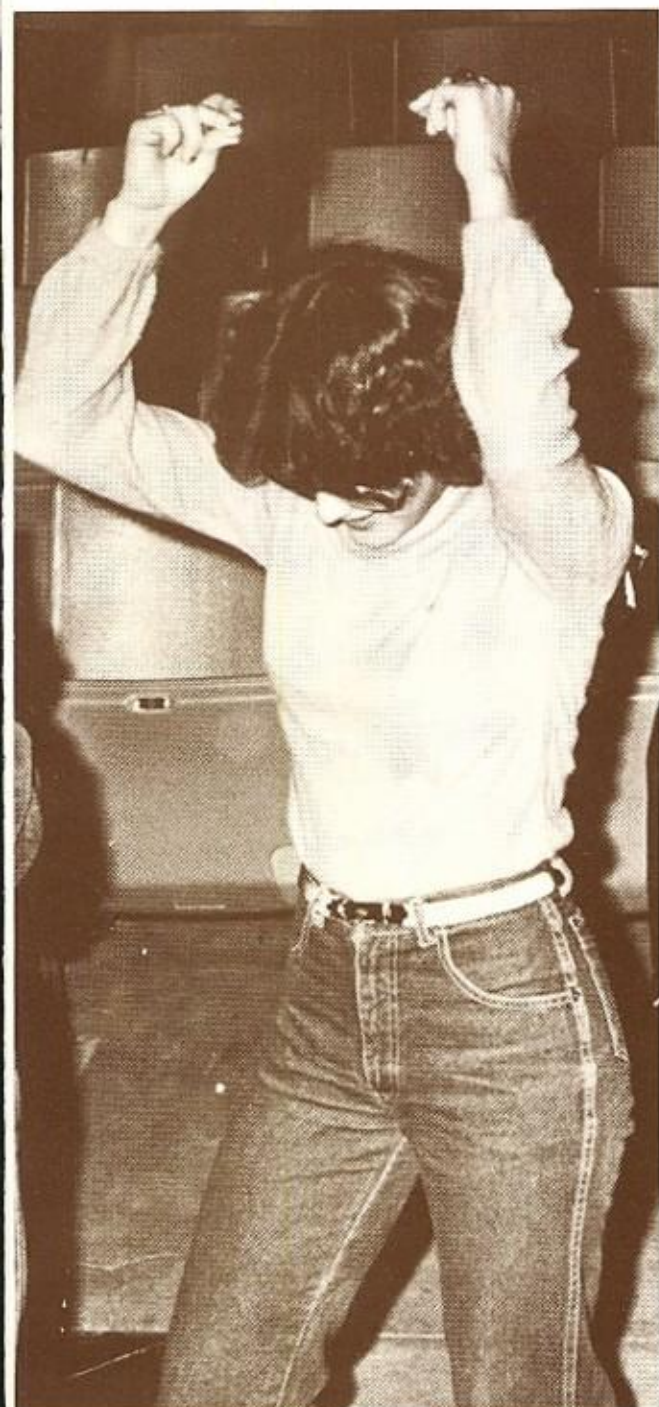

During sixth period yearbook class, **Suzanne Abilez** and **Debra Sanchez** pay close attention to **Mrs. Joycelyn Hepburn's** instruction on layouts.

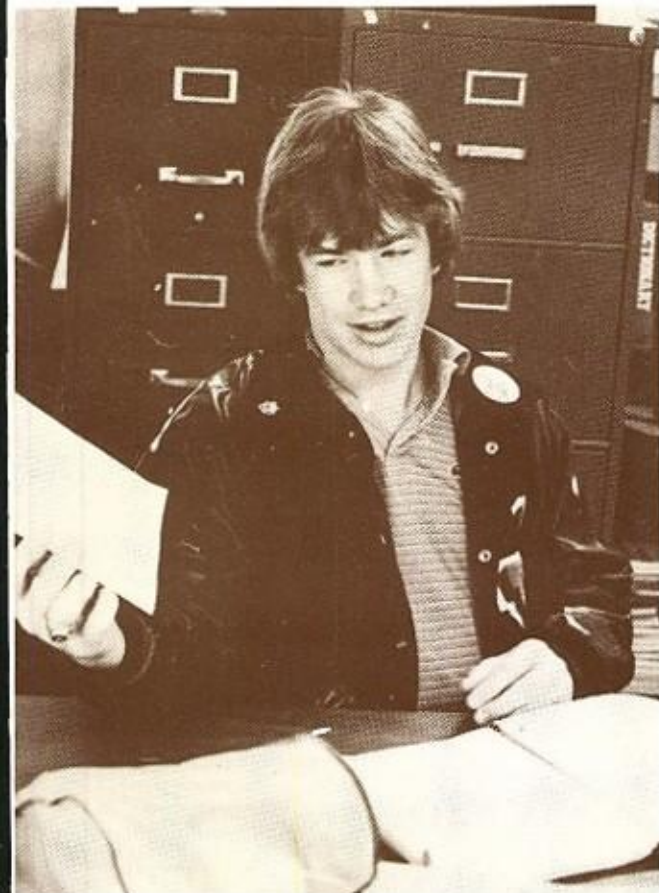

Diligently, **Sandra Martin** works on the sports section and writes copy for the cheerleaders and pep squad pages.

'Personal Touches'

Really buckling down to work after Christmas, staffers were motivated by news of the 1981 GOLDEN EAGLE receiving the gold medal from the Columbia Scholastic Press Association in national competition, as well as the All-Columbian Award in photography.

"It's like taking a test," head photographer **Angel Modesto** said, "I'm challenging myself seeing how much I'm capable of doing." After he bought an assortment of Nikon equipment, he commented, "I like to see what I can create."

Knowing a yearbook is more

than just a yearbook, **Rob Spiller** said, "The majority of yearbook is being able to have a part in designing the book. The greatest reward comes when you point out your personal touch to people breezing through the champion yearbook!"

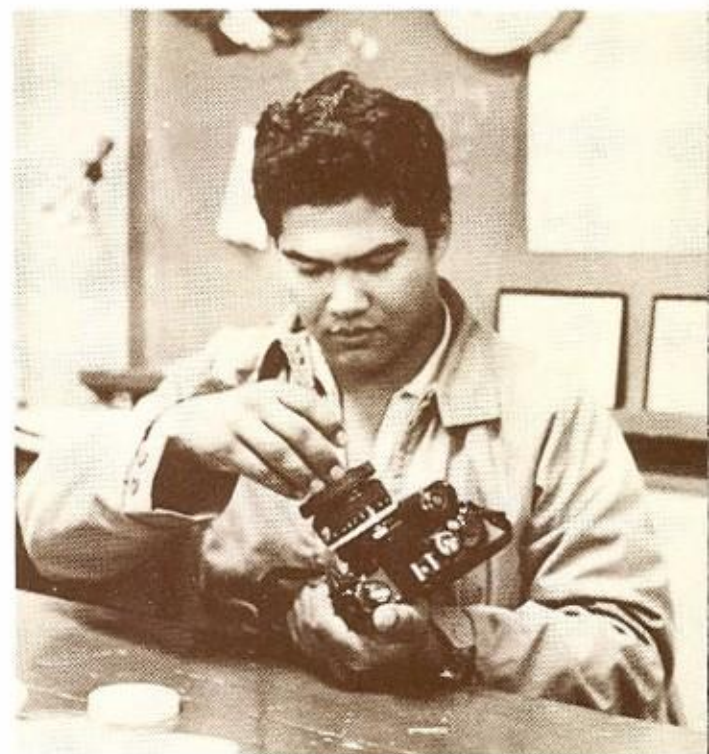

"I love yearbook," **Leslie Wicker** said, "but it's a lot of hard work! Few realize what goes into putting a book together. It takes a lot of time and effort."

Staffers missed **Tami Walker's** help and laughter when she moved to Uvalde between semesters.

On the bus back from the Taylor workshop in Brownwood, **Jo Ann Boyd** finds a lot to laugh about.

Discussing the ideal captions, **Debra Sanchez** and **Anita Gonzales** work on finishing the quadpaks.

CLASSES

Together As A Family

Watercoloring JHS in perspective became a memorable task to art students. Always learning more about art and drawing in precise detail, students earned scheduled parties on Fridays. After Christmas, students fashioned mugs and pinch-pots and designed many knickknacks out of clay.

Students learned how to deal with society and count with *Sesame Street* in recordkeeping class. They also mastered checkbook balances, determined sales taxes, and prepared stock record cards, budgets, statements of accounts, sales journals, and price quotation cards.

Memorable moments in Fundamentals of Math I included:

Using a hammer, David Joiner dislodges the wooden supports from the finished concrete slab. The slab was constructed by the Agricultural Mechanics class for the junior high and primary students.

"Getting caught with gum the very first day," "The test I passed, the very first one," "The hard work and brain work it took to do all those problems," "**Coach Spivey**, he's really a cool person!" and "our Christmas party for being good."

In between singing Christmas carols in Spanish with her classmates, **Amy Newbury** relaxes for a moment in the auditorium.

Assisted by Jeff Maddux, Leslie Wicker draws a map of the United States for an up-coming American History grade.

Health students remembered debating health issues, learning the bones, and naming the skeleton, "George."

Seniors in Government remembered "discussions of about twenty million things, including the Equal Rights Amend-

ment and sex discrimination." **"Mary Martha Johnston** bobbed her head during films." **"Greg Shaheen** asked, 'Can we drop a grade' each time we took a test." "It was a great class, learning in a fun way."

Home and Family Living classes recalled "the turkey and dressing dinner, bringing them together as a family," "the food they tried to cook, like the cream puffs that turned out as jello," "the visit to Fife's Funeral Home," and "all the dishes they had to wash."

Working on health reports in the library, Shelly Spiller gives her undivided attention to Mrs. Theola Monroe while Lisa Mannon searches for information.

Researching Civil War battles, Ronny Carpenter, Victor Gonzales, Steven Ford and Dayde Carlile write American History reports while Mr. Gene Monroe assists Linda Page.

Students Glow With Pride

In between "advice lectures," **Mrs. Karla Boone** had her Physics class setting records in slinky races down the stairs and shooting laser beams through the halls. Chemistry classes remembered all the lab work, **Thomas McDonald's** goofs, and **Mrs. Boone's** college days.

Physical Science classes recalled "the day of breakage in the lab, the films the students never saw, and the

day they got unexempt and the day they got reexempt."

In the resource room students received additional help along with regular class work. Students used the Systems 80 machine, using slides

and answering questions, and the Digitor Language and math machines.

Quietly studying, **Robert Beam** reads during **Mr. Dean Ball's** class in the resource room.

Reviewing notes, **Christine Hardesty** and **Kim Simmons** study physical science for a test.

Spanish I class became familiar with many Spanish traditions, singing, dancing, playing games and watching slides. Students enjoyed **Mrs. Ann Cotterell's** teaching techniques.

"Eyes on the copy, Get ready, Type," sounded every day from Typing I classes. "Timings were just a part of life." In Typing II students worked for Air Country International by way of a practice set and learned to operate the Commodore 8032 computer.

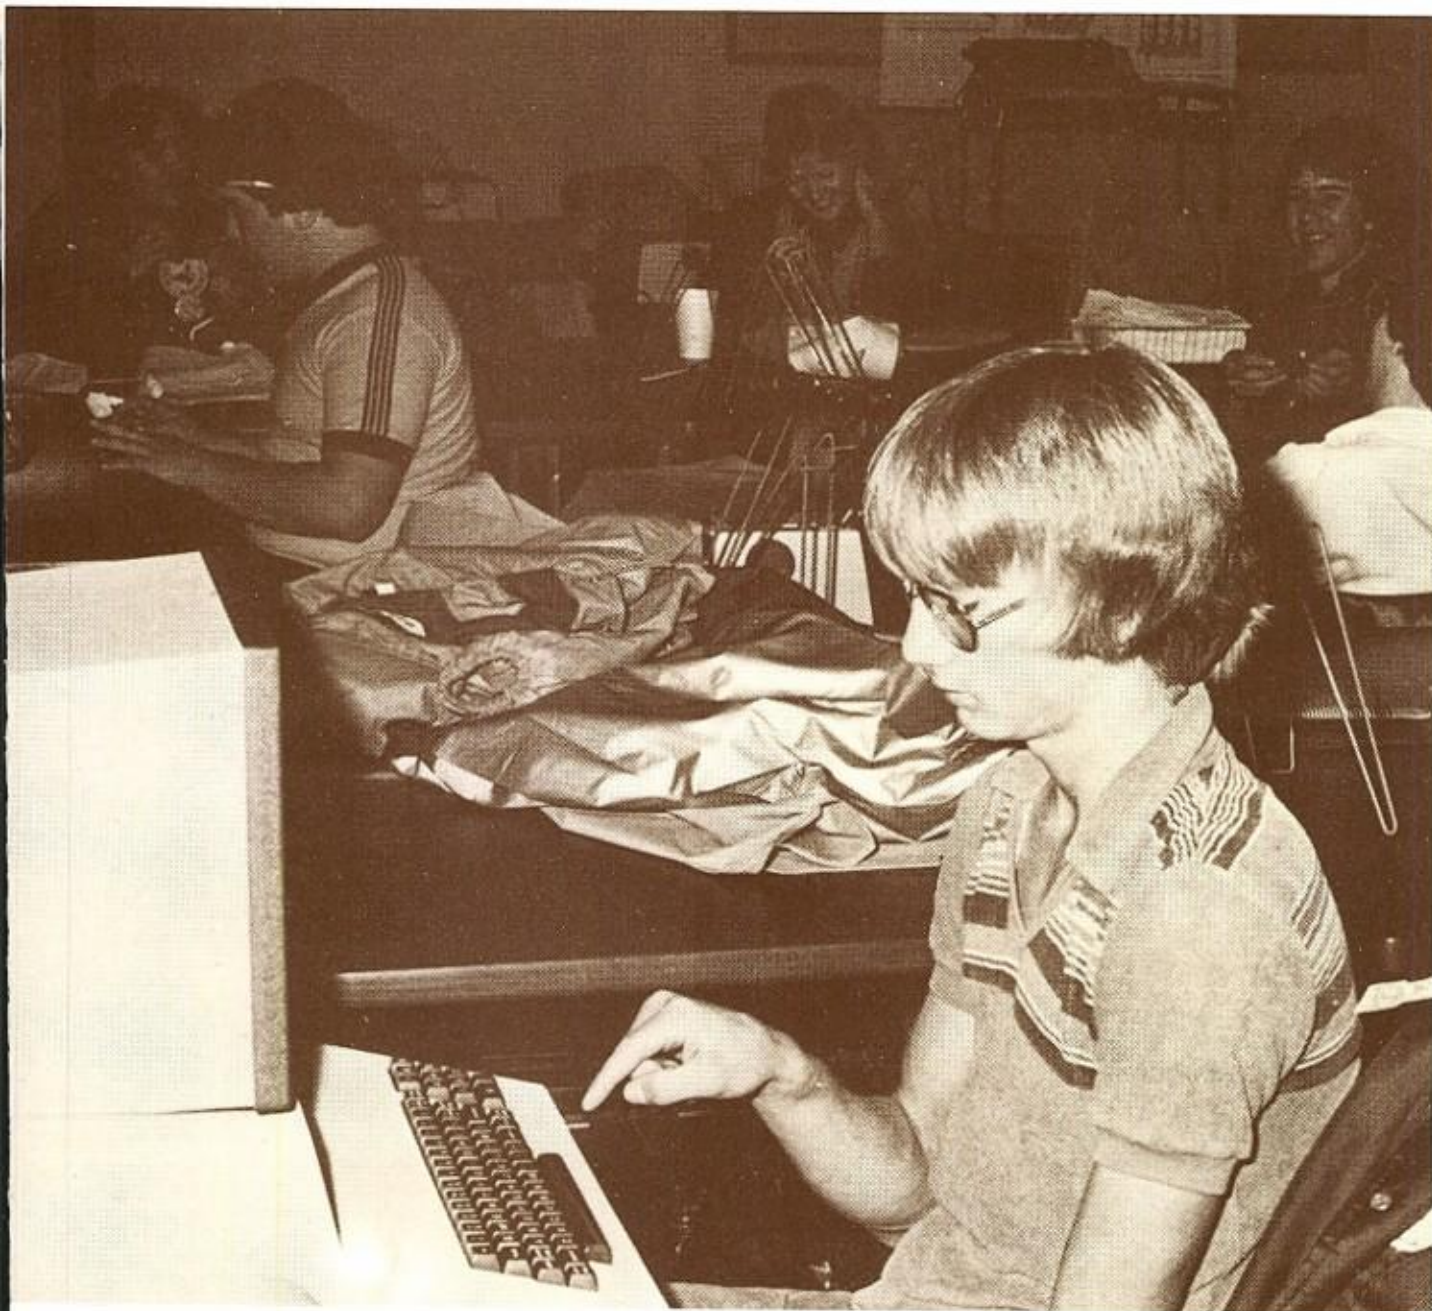

Accounting students recalled filling out the extra large income tax return, raiding the parties next door, glowing with pride as they won the door prize by the varsity cheerleaders for the best-decorated door. Frequently students listened to **Donna Abilez**

and **Doug Dobbins** argue. The class grew together to form one big group and shared thoughts and ideas with one another.

For the door decorating contest sponsored by the pep squad, **Doreen Robles**, **Amy Newbury**, and **Peggy Rose** decorate **Mrs. Nancy Berry-Walker's** door with spooks and goblins.

Using the one-finger method, **Jerry Roper** begins learning how to use the Commodore 8032 computer during Typing II class.

Reviewing Wednesday, January 27, *San Antonio Express* for a current event in World History, **Daynah Davis** shares her interesting findings in fifth period class.

With class progressing in the usual way, **Mrs. Anne Cotterell's** Spanish I class repeats the vocabulary lesson for Slave Day.

'Why Not'

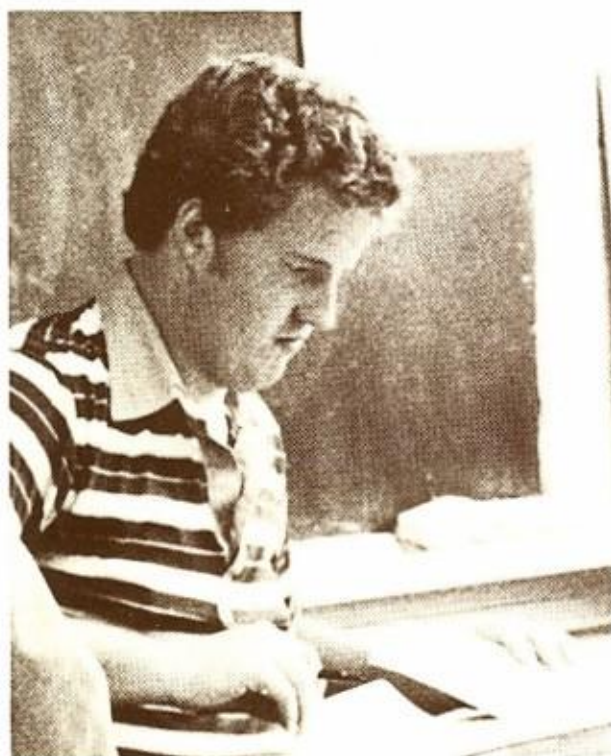

Persuaded by **Denise Davis** and **Tami Walker**, **Mrs. Nancy Berry-Walker** dressed up for 50's day and "led the gang" of the Black Claw. The idea appealed to her baser nature and she thought, "Why not."

After arriving at school on the day and taking a close look at the gang members, **Denise Davis**, **Tami Walker**, **Jackie Owens**, **Tommie Curtis**, **Sandra Bundick**, **Jennifer Sides**, and **Teresa Williams**, she almost backed out.

"When the picture came out in the *Junction Eagle*, **Mrs. Berry-Walker** said, "I expected to get fired for 'inciting to riot,' but it was one of the most fun days I have ever spent at JHS. I would do it again for sure!"

Eyes on the copy, **Jeff Adams** concentrates on using the correct techniques in typing class.

Using **Mr. Hugh Doyal's** desk, **Mike Maples** prepares for his physiology class.

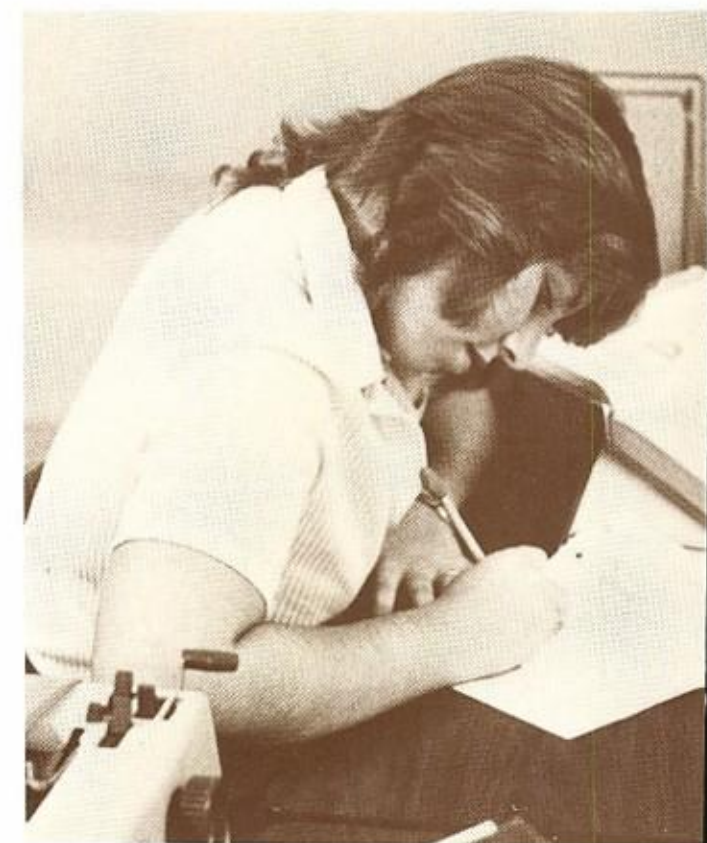

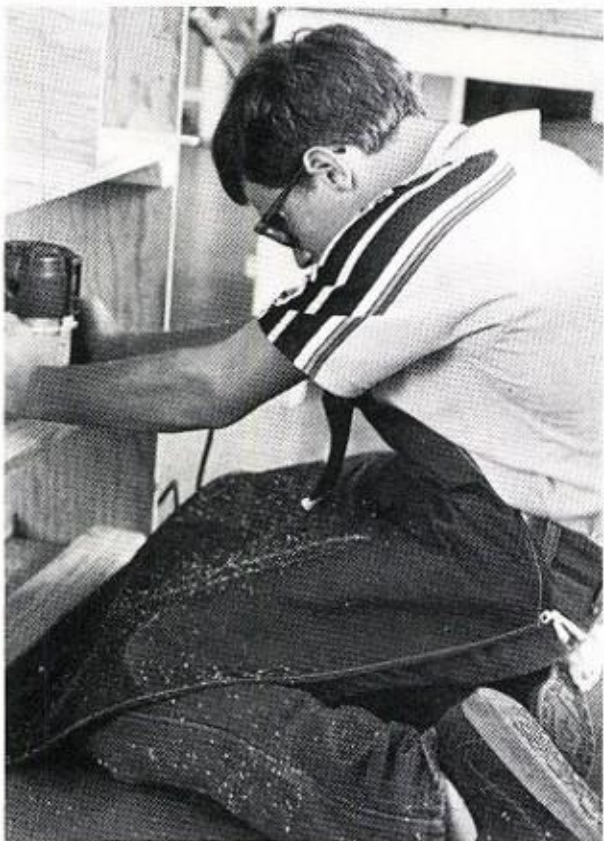

How dare you mess with a "Black Claw"! **Sandra Bundick** reveals her chain during government class.

Along with her English responsibilities, **Mrs. Nancy Berry-Walker** doubles as the leader of the "Claws."

Using the last few minutes of yearbook class, **Sandra Martin** finishes her algebra homework.

With a watchful eye, Jackie Cunningham carefully sands the shelves during his Ag class.

On the newly poured concrete slab near the junior high building, **Jim Bob Williamson** carefully etches "Ag Mechanics" on his class' creation.

Watching the class dwindle as the year went by, English IV students remembered "working hard when they worked and playing hard when they played." Seniors were introduced to Chester M. Lester's *Resume*, "Maxi Munch" and characters from the modern-day Chaucer. They recalled the dinner party at Los Lomas, the "Claws" getting their picture in the paper, and according to **Thomas McDonald**, "absolutely nothing."

In Biology, students learned to listen and understand how to take lecture notes from general discussions. Most students overcame their discomfort in working with all the specimens and dissecting.

Winners

"The kids here are winners, not necessarily winning first, but they come from a winning atmosphere which makes all the difference," said **Mr. Mike Caplinger**.

During the University Interscholastic League district meet in Mason on March 24, students continuously watched the scoreboard along with sponsors.

Junction moved into the lead from points gathered from the one-act play, debate, and journalism. Knowing Eldorado had won all of the practice meets made students keenly aware of the competition involved. Near the end of the meet, Eldorado went into the lead. Then the dark horse, Big Lake, jumped into the lead and finished the race with 157 points over Eldorado's 140 and Junction's 131.

Attending a summer clinic, **Sean Yancy**, **Jay Cashman**, and **Al Campbell** learned research techniques, evidence organization and case writing, preparing them for the newly organized debate teams. **Dani Thomson** joined the

'Giving a Part of Yourself'

"I enjoy seeing inexperienced actors become skillful. Seeing students develop a sense of responsibility, cooperation, self-confidence, and self-discipline is rewarding." Mrs. Joyce Dunk, director of district winning one act plays for six years added, "And yes, I love to win."

To develop a "split personality," cast members studied each character to know what that person was, believed, and stood for. "The character's reactions become you as

you walk on stage," said Debbie Keith, crew member and previous cast member.

Five nights a week, weekends, and spring break found the cast practicing "Of Mice and Men," by John Steinbeck. A play of loneliness, of love, and need characterized homeless and rootless men with nothing but each other.

"In front of the audience portraying a character, you are giving a part of yourself," Debbie Keith said. "It is a terrific experience. I like to act because it allows me to be myself and know who I am when I'm not acting."

Slim (Sean Yancy) instructs **Curley (Ken Vanderford)** to tell everyone that his hand was caught in a machine with the threat of "you'll get the laugh."

Back in Unity

As the spring rains came and cleansed the earth, the Eagles awoke from their winter's nest to a new freshness. Students began to seek more individuality. They struggled to achieve their own goals as well as unified goals for knowledge, competition and pleasure.

Club activities gave students a feeling of belonging together. They worked together for common goals. With all their many interests, students remained united.

Quietly, Chandra Stanley, Aurora Haines, Alicia Valverde, and Mrs. Emily Bierschwale, FHA sponsor, watch students slither through the water in the MO Ranch swimming pool.

'One Step Ahead'

"Respect from the faculty and my friends as being a good student is a reward for studying and making good grades," said **Tim Freeman**. **Shelly Spiller** added, "Being an honor society member means a lot because my grades mean a lot to me."

At the impressive formal candlelit induction ceremony, new members repeated vows, signed the register books, and received certificates and pins.

During the ceremony, students encountered some apprehension. "I dropped my membership card," said **Rob Spiller**. **Tim Freeman** said "I was anxious about the

flashbulbs blinding me so that I couldn't read my part."

When I was leading my row up on-onto the stage, I totally forgot what to do," said **David Alvarado**. "Being in the National Junior Honor Society is one of the 'many' rewards. I'm always looking forward to getting into the world and knowing I'll be one step ahead."

Chance or Choice

Thirty-seven Future Homemakers of America began the year with a lot of energy. In San Antonio, students attended the area meeting, the March of Dimes workshop, the stock show, and rodeo. They traveled to the Dallas State Fair, an officer training workshop in Austin and the state convention in Fort Worth.

After singing Christmas carols with the patients at the Kerrville State Hospital, members passed out gifts. For their community project, students played bingo at the Leisure Lodge nursing home.

In the winter, students joined with the FFA for a hayride and in the spring for a picnic honoring the seniors at MO Ranch.

Several students sold over \$100 worth of Tom Watt products. **Monty Pilkington** received a \$100 savings bond for selling \$423.45 worth of merchandise. **Jeff Maddux** sold \$121.00 and received a \$50 bond. **Tammy Stewart** sold \$119.55 worth.

"I feel it is a challenge to raise sheep, take them to shows, and try to beat other sheep." **Ed Hunger**, with four years experience raising and exhibiting sheep, showed the champion breeding sheep at the Kimble County Youth Show and the Kerrville District Show.

Ed had the champion ram lamb and the reserve champion aged ram in San Antonio. His sheep won ten ribbons in the San Angelo Livestock

To make the wool fluffy and get the dirt out in preparation for the shows, **Ed** cords the wool.

Ed raised five of his rams and added four bought ewes to his flock.

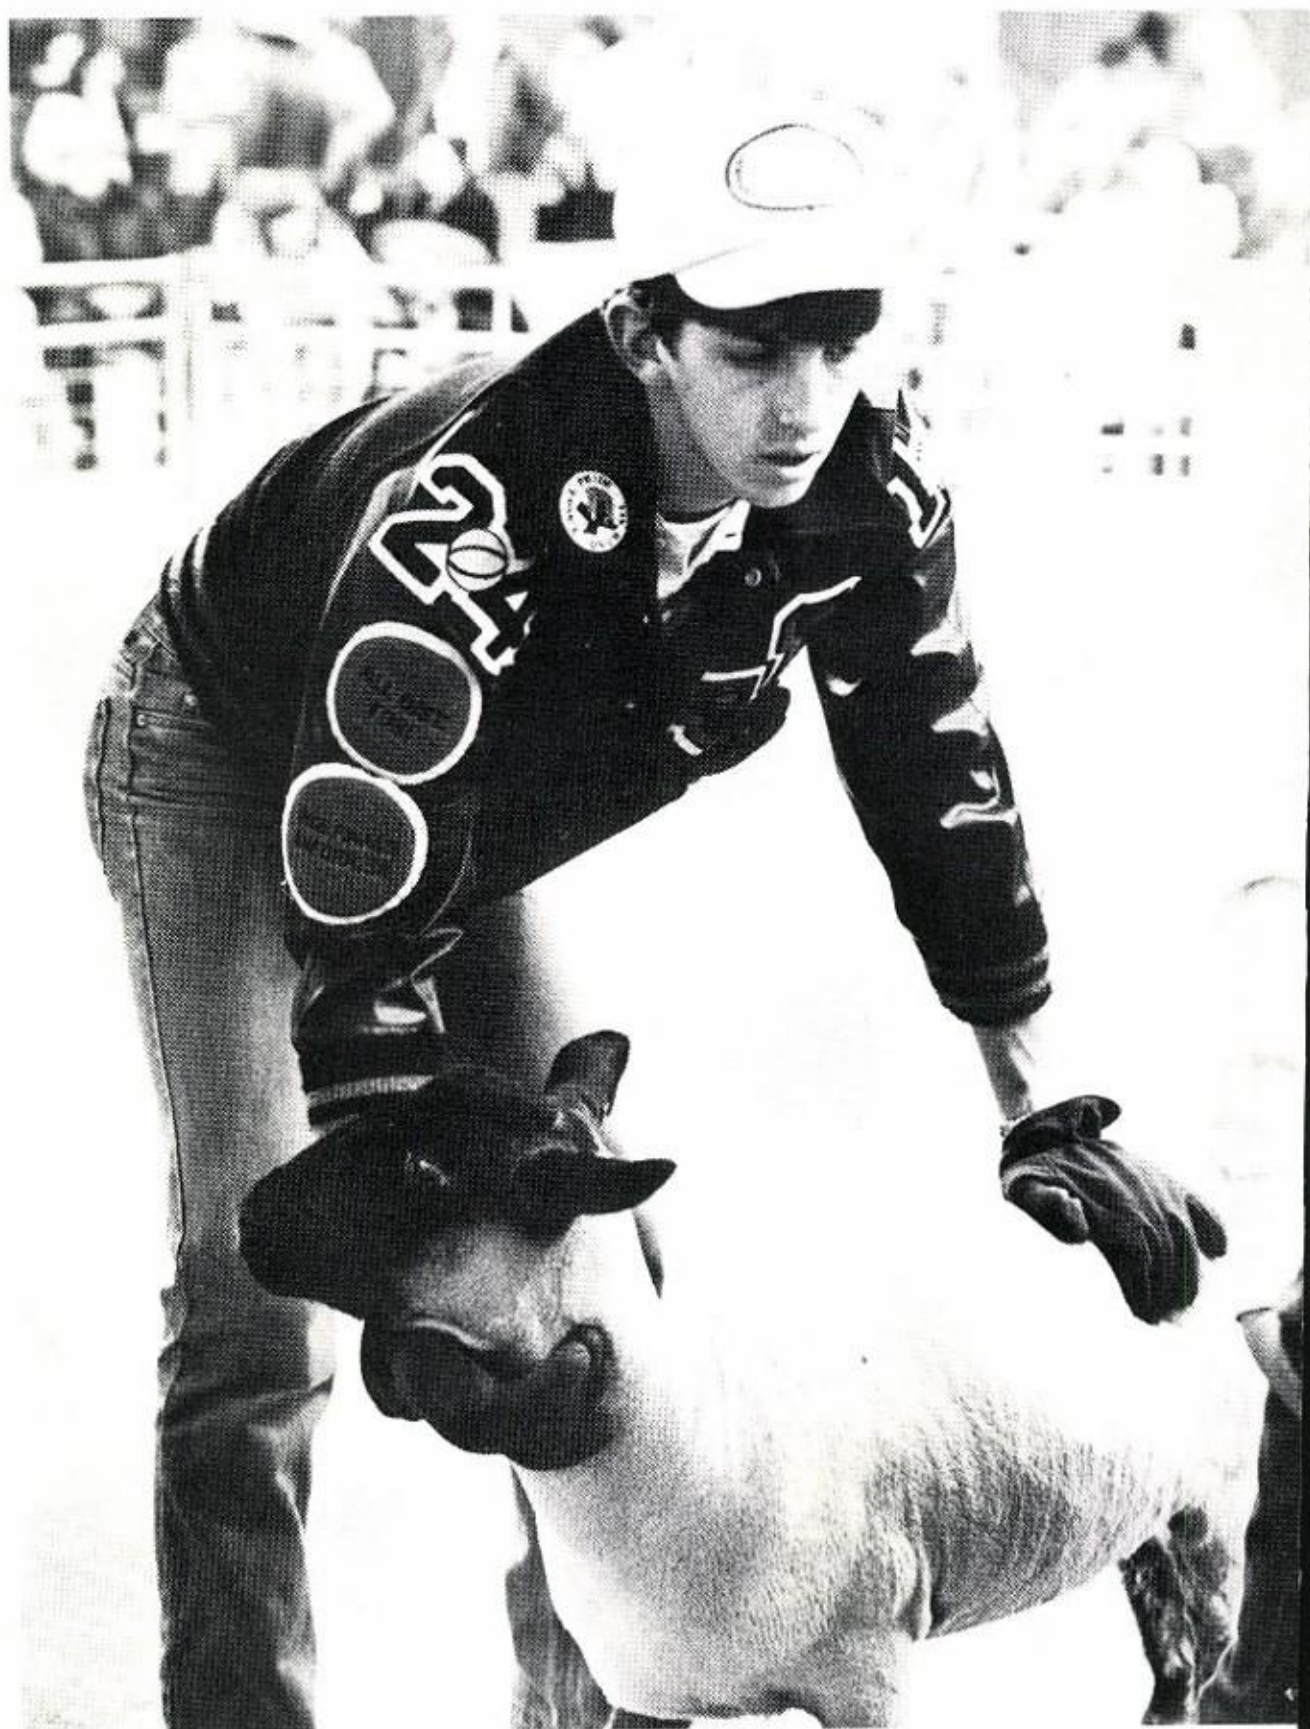

Using a self-feeder with sheep cake, **Ed's** sheep had plenty of feed and could eat any time they wanted. Therefore, **Ed** had more time for swimming, waterskiing, fishing, and deer hunting.

Authentic Experience

After starting the year with a swimming party, Distributive Education Club of America members competed in Area I competitive events. Winning first place in apparel and accessories, **Debbie Keith** participated in state in Corpus Christi. **Monty Pilkington** competed in Food Marketing.

Other activities included an ice skating trip to Austin and a South Llano canoe trip at the end of the year.

Members selected **Sandra Bundick** as DECA sweetheart and **Jim Bob Williamson** escorted her on sweethearts' night.

DECA sponsor, **Mrs. Janice Stockton**, said, "The most rewarding part of DECA is the interaction of students in class and their participation in DECA activities."

Johnston and Mr. and Mrs. Jim Cotterell were in another state, another country!

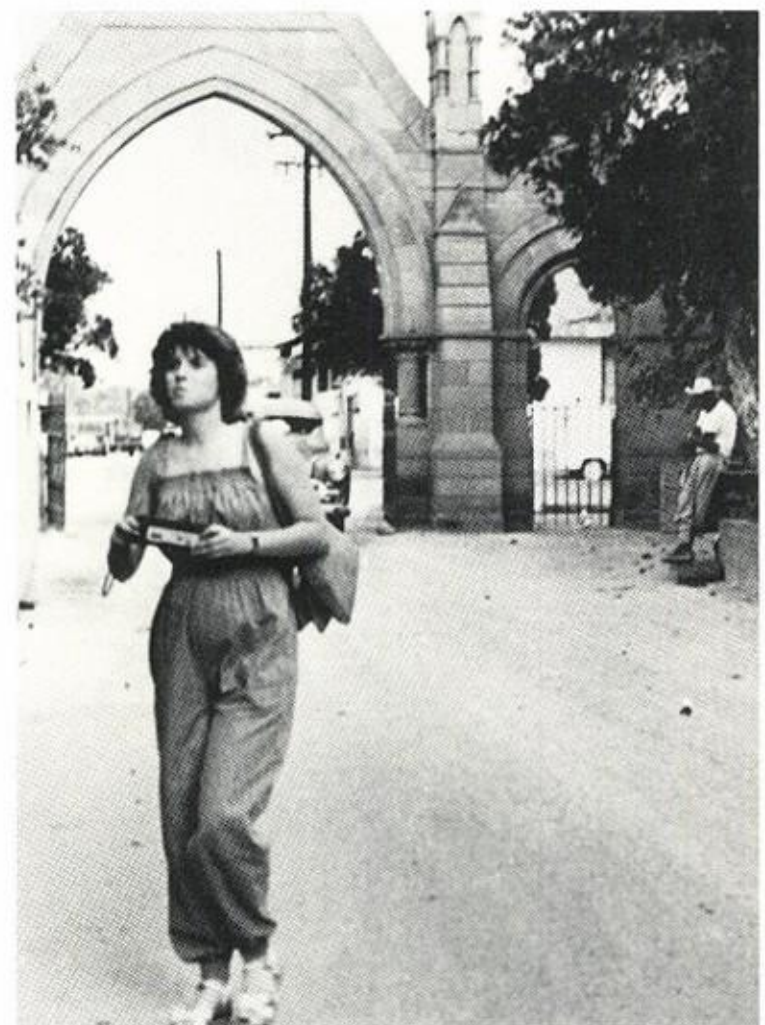

Flying to Monterrey, Mexico, Spanish Club members began their three-day trip during the Easter holidays. Students stayed at the attractive downtown Gran Ancira Hotel. Visiting famous places there, the group toured the Cathedral and the Bishop's Palace.

Traveling on to Saltillo, Coahuilla, they visited the famed Pancho Villa Monument and the zarape factory.

"I loved the turning and swerving as we went driving through the huge Chipinque Mountain near Monterrey," said **Ernestina Martinez**. "But the best part of it all was sliding down the large concrete slide half-way up the mountain. Boy, was it fun!"

Students learned much about the Mexican culture. "The people were so polite and friendly — and always trying to please or serve people. I hope to go back next year," said **Anita Gonzales**.

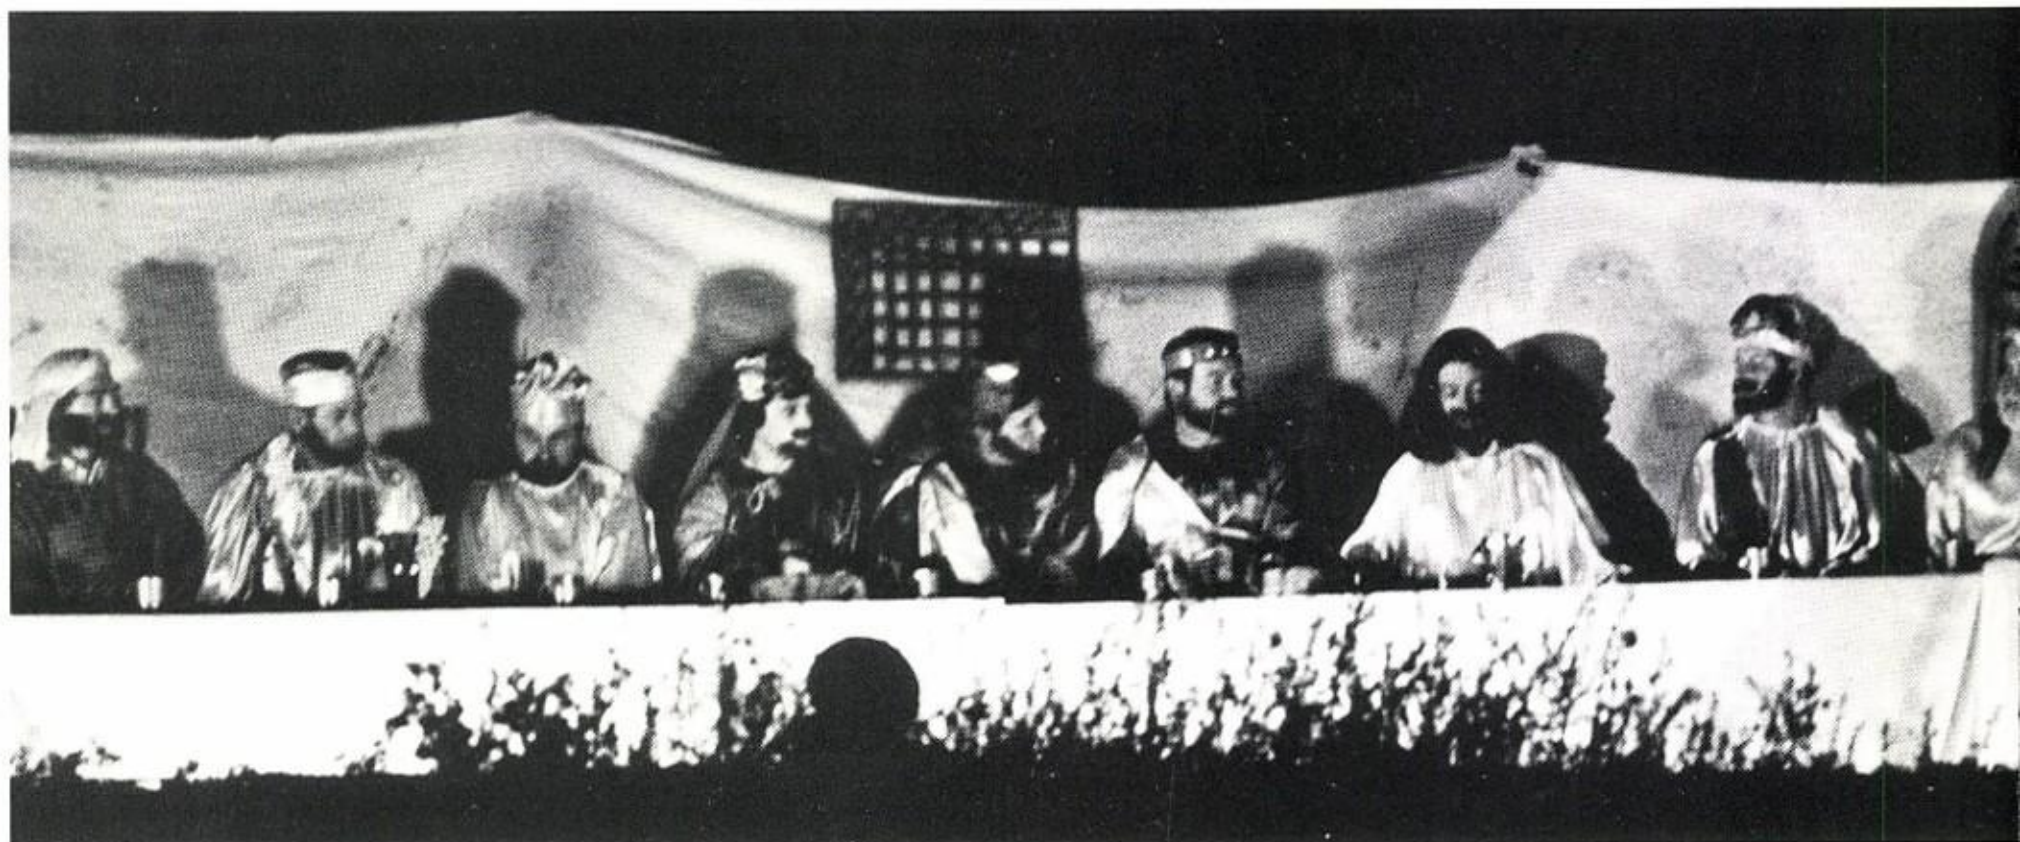

Overwhelmed by the interesting flock of birds, **Denise Davis** begins her tour of the Governor's Palace in Monterrey, Mexico.

While touring the city of Monterrey, Mexico, Spanish Club members rest at the "El Mirador," and study the peak of "El Obispado," the Bishop's Palace.

Truly a Moving Experience

In the heart of the Texas Hill Country lies the city of Junction in Kimble County, well blessed with gifts of nature including 300 miles of running streams. With an estimated population of 2700, Junction, the county seat, is situated in the forks of the North and South Llano Rivers.

Industries include wool, mohair, cattle, cedar oils and by products, tourism, hunting, and land development. Recreation is a major seasonal attraction. Many hunters gather for deer and turkey season as well as for dove seasons. Fishing and squirrel hunting are year-around sports. Beautiful Lake Junction accommodates boating, canoeing, skiing, and swimming with seven miles of shoreline.

Throughout the year all denominations have church services and activities. The non-denominational Men's Bible Class sponsors the annual Easter Pageant, which portrays the birth, death, and resurrection of Christ. Approximately 80 local citizens assist in recalling the past — a truly moving experience.

Other annual events include the Race Meet and Billy Sale, Quarter Horse Races, Pecan Show and Queen's Contest, Kimble County Kow Kick on Labor Day, and the bi-annual Jaycee Rodeos.

Approximately 50 historic markers relate the past to Kimble County. Additional history is displayed in the Kimble County Museum and the Kimble County Library.

Community Effort

Two main community activities involve the new fire station and the reopening of the Texas Tech Center.

Construction plans for a new fire station were announced in 1981. Capable of housing six fire trucks and all fire fighting equipment, the new building has a meeting room, and kitchen and bathroom facilities. With all labor being volunteered, funds for the building materials came through contributions.

"Estimated cost for the project will be \$30,000," said Mack Newberry, "with the completion around the end of 1982. Though quite a bit of work remains, we look back on our accomplishments with pride, for they have come only through a total community effort."

Texas Tech University Center at Junction reopened on September 1, 1981, after being closed two years. Used for seminars, classes and meetings, Tech offers courses in art, biological sciences, education, basic photography, mass communication, range and wildlife management and a graduate program.

"Everyone is overwhelmed, it's great to see everybody around again," said Mr. Tom Alexander, Coordinator of Operations. "I hope it stays open!"

On the day of the Ford Bros. Circus sponsored by the PTA, Mr. T. A. Chandler shows his elephant jockey skills in the noon elephant races.

Forever Back in Black

As the days grew longer and warmer, a new sense of pride and unity revived the Eagles. They rejoiced as the flowers began to bloom. Students began to congregate each day at the dam. Sorrow filled their hearts as the wind brought the war over the Falklands between Argentina and Britain closer each day. Even as they faced problems, the Eagles knew they would forever be "Back in Black."

After attending four yearbook sessions at the state ILPC convention, **Rob Spiller** expresses his joy of leaving UT campus and going to the Magic Time Machine.

Before putting his vase into the kiln, **Hector Ybarra** adds a few more creative touches during Art I.

Lights, Camera Action

Captivating the audience with a black-light dance, **Melissa** and **Melinda Dunbar** opened the first JHS Talent Show. Eyes focused on a fantasy of glowing hats, bow ties, gloves, and canes as the sisters danced their version of "Working in a Coal Mine." The student body presented its own assembly in place of a Southern Assembly.

Musical notes touched hearts as **Ernestina Martinez** played her favorite selection on the piano, "Theme from Mahogany," and **Daynah Davis** sang "You Needed Me." Giggles filled the auditorium when **Doreen Robles** imitated Kermit the Frog and sang "Rainbow Connection."

Using his musical talent, **Greg Shaheen** played "Magic Man" on his trombone. Making a special dedication, **Jerry Roper** played the piano and sang "If." "Why Do Fools Fall in Love" and "Fame" penetrated the auditorium as **Anita Gonzales** and **Melissa Pena** sang accompanied by the Microwave Poodles. Combo members included **Coby Cavaness**, **Mike Maples**, **Jackie Owens**, **Jerry Roper**, and **Mr. Mike Robertson**. Vocal backup singers were **Denise Davis**, **Ernestina Martinez**, **Teresa Williams**, **Melissa Pena** and **Anita Gonzales**.

Two Tickets to Paradise

With two tickets, the juniors and seniors escaped from reality and entered a world of paradise. Illusions of leaving the earth filled the guests' minds as they slowly entered the tunnel of stars. Led to a land of fantasy, they found shining stars and rainbows. Gracious unicorns, gleaming castles, and cascading waterfalls helped the juniors achieve their goal of a perfect paradise for the seniors.

In costumes of various hues, freshman and sophomore servers escorted the guest of honor, the roasted pig, to the serving table. The servers included **Suzanne Abilez, David Alvarado, Steven Brawley, Bobby Carpenter, Jay Cashman, Todd Overstreet, Dana Phillips, Sandra Randle, Corinne Robles, Shelly Spiller, Bill Templeton, and Sheri Templeton.**

As they danced the evening away, prom guests discovered there is a pot of gold at the end of every rainbow.

Scaling Walls

Winning medals, using talents, and building friendships were all important to the Eagles. During their spare time, students gathered at the Milky Way and KOA to challenge their friends on their favorite video games. Scaling walls, eating gobbling spooks, shooting enemy UFO's and gaining top scores became goals of the Eagles. "Pac-Man," a video game by Atari, became most popular among some of the students, while others preferred to spend their quarters and test their skills on "Defender," "Gorf," "Centipede," and "Tempest."

"Old Fords Never Die." Cheering for the baseball team at the Fredericksburg game, **Derrick Menchaca** perches on his Chevrolet truck.

Having a "Pac Attack," Jeanan Russell types while displaying her approval of the new "game fad."

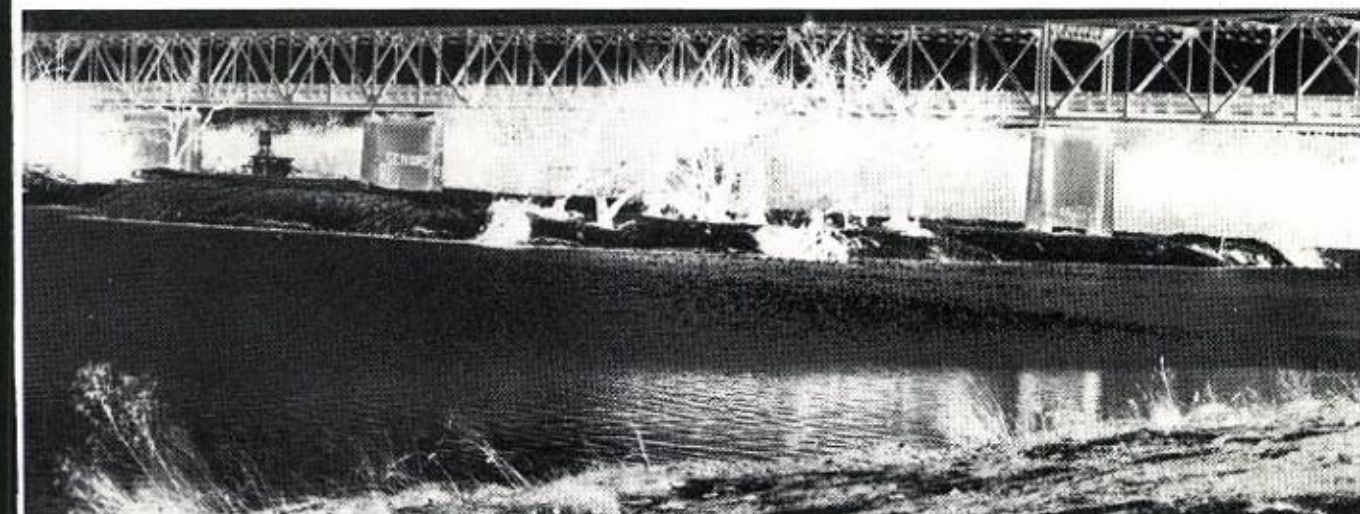

As the award winning one-act play cast leaves for state, **Debbie Keith** receives a "little mouse" and encouragement.

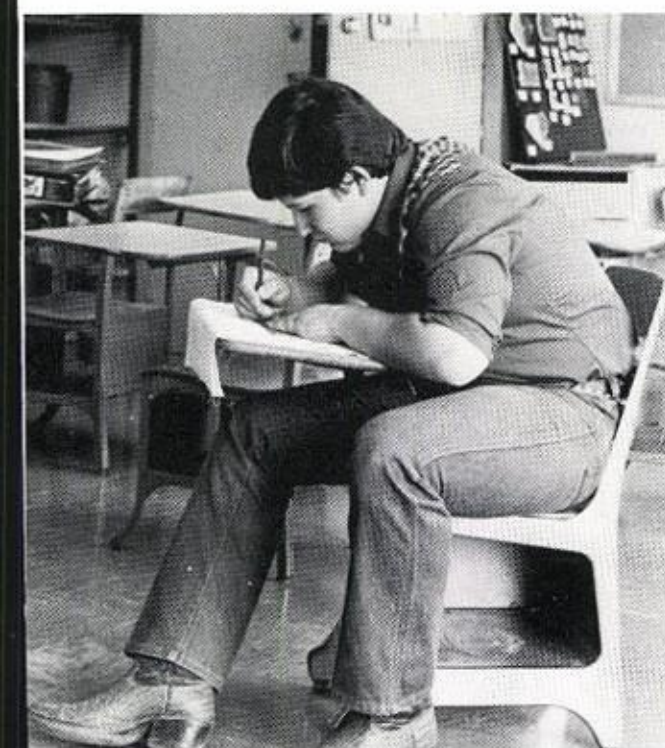

With **Pinky**, **Blinky**, and friends, **Belinda Cook** reads about the Falklands crisis in the library.

Positively, the South Llano River bridge remains in the minds of Junction students.

With the help of **Ulee**, the yearbook mascot, **Anita Gonzales** concentrates on her Spanish Club copy.

With a few finishing touches to his pattern, **Eugene Gonzales** experiments with a new technique of artwork, batik.

'It's the Person'

Looking over a new horizon, the Eagles left their old traditions behind. Even though the "cowboy" look of jeans and boots will always exist the students added the classic "preppy" look to their wardrobes. This classic look consisted of white tennis shoes and various types and colors of Izod, Polo, and Fox shirts. Although students exerted an effort

to achieve the "in" look, one pointed out, "It's not the clothes, it's the person in them!"

Through a special election, Bill Templeton's prom server costume was the "best Izod of the year."

In front of the high school, **Jonathan Campbell** smiles while enjoying his lunch freedom.

No Turning Back

Laughing and smiling, seniors forcefully yelled their motto, "S.R.S., S.R.S., Seniors '82 are best!" And suddenly the realization struck them, their last day of high school had arrived. School had become a part of their lives, but now there was no turning back.

Getting everything all straight, Duane Fairchild and Thomas McDonald recall fun times before they join other seniors in the line-up.

--------------	------------

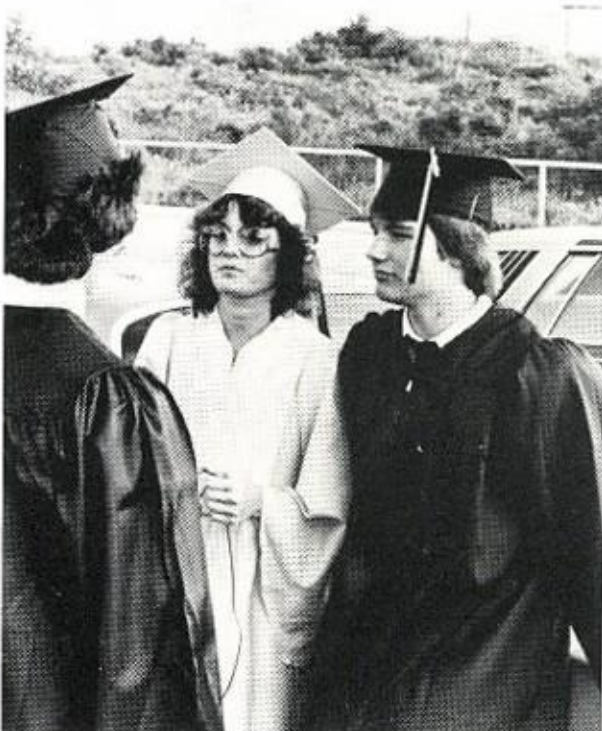

I would like to welcome you to witness a night of pride, as we, the graduating class of 1982 end an important era in our lives. This era has been a stepping stone for twelve years, and each year, enough progress was made so that we could take another step up. Now we are at the top of the ladder and pause to take a look back.

The love and support that our parents, friends, relatives, and faculty members have given us is apparent throughout all of our educational years. From Big Chief writing tablets to typewriters, from writing our first sentence to writing a research paper, from being made to take a nap in school to being punished for taking one. The parents and teachers were always on hand to help us conquer each new and challenging step as we approached it. Someone always listened to our great moments of triumph with happiness, and our devastating defeats with bright hopes and new faith for the future.

As we stand on this threshold, with the world before us and our secure childhood behind us, we ask a rather simple question. What are we going to remember the most about this period in our lives when we look back? It won't be the parties or the graduation ceremony, but we will remember you, our parents, friends, relatives, and faculty members who cared about us, loved us, and supported us through all of the good and bad times.

Tonight is the night to be proud, not only of ourselves, but proud of you, for making and molding us into what we are today. May God bless each and every one of you.

Prepared for Flight

After the graduation practice on Wednesday, Thursday, and Friday mornings, the 52 Eagles, who had been prepared for flight, gathered at the stadium on May 21. They enjoyed the last few fleeting moments of the life that they were leaving behind with their closest friends. They formed a line and promptly at eight o'clock their procession began.

After Mr. Ben Thomson, School Board President, performs the traditional moving of the tassel, **Sandra Bundick** becomes a full-fledged graduate.

Prepared for graduation, **Darla D'Spain** takes a look into her future.

Patiently waiting, **Robert Bierschwale** shares a few moments and memories with **Tami Walker** and **Rosemary Abilez**.

Making sure their diplomas are complete, **Mary Martha Johnston** and **Angel Modesto** check over their diplomas as soon as they returned to their seats.

Receiving her diploma and a handshake from **Mr. Ben Thomson**, School Board President, **Judy Conner** places her school days behind for the moment.

At long last, Jennifer Sides happily receives her diploma and her freedom from JHS.

Diplomas in Hand

With diplomas in hand and teary eyes, the graduating Eagles gathered one last time after the ceremony. After marching off the field to "God of Our Fathers," the graduates formed a large, unified circle. As the Golden Eagle Band played the last note of the recessional, "the Class with Class," full of dignity, tossed their black and gold caps into the sky. They left their nests and began their flight into the unknown.

Parents, Teachers, Family, and Friends:

During our earlier years of schooling, we went through all of the necessary preparatory stages needed to construct the tools we will need for survival. We properly equipped ourselves with the rods and reels of life with which we will eventually use to "fish out" our futures. Even though these rods seem to bend almost to the breaking point under society's pressure, they quickly return to their original position. We then armed ourselves with our own unique and most desirable lures, such as our personalities and our knowledge, with which we will attract opportunities.

As we entered high school, teachers, parents, and the community began to bait our hooks. They cautiously secured the worm on the hook so that we would not fall apart at the first splash. In fact, they tried to make us secure enough to withstand all of life's adversities. This final provision will soon allow us to either catch one of the many opportunities in the sea, or go home with an empty basket. During this time we matured quickly and learned to shoulder the responsibility required to prepare us for the big moment.

This graduation ceremony marks the big moment in our lives when we are "cast" into the world. We watch in amazement as our tightly wound reels of security string out before us, exposing itself to the entire world. We realize that our entire future is supported by this one tenuous fish line, and yet as the hook hits the water, as we receive our diplomas this evening, we can't help but experience a momentary triumph and optimistic confidence towards our chances of success.

After the cast is made, we must sit patiently and wait for opportunity to come nibble at our hook. During these years, most of us will have waves rock our vulnerable boats, but we will not be toppled. Some of us will be lucky enough to get a bite almost immediately, while others of us must have patience and not give in to the temptation to pull in our lines and quit. When we do finally feel a bite, we must be careful to bring in the catch quickly, or slowly, whichever the situation requires. We must be careful not to lose it at the last minute, but if we do, we cannot be discouraged. We must immediately throw back in our lines.

One thing we must all remember in life is to set goals and strive to reach them. If the first fish you snag is not the size you want it, do not throw it away, accept it for the moment and come back again and again until you get the one you want. Don't ever make the mistake of reeling in an opportunity and laying it in the bottom of the boat to die. Utilize your breaks to the best of your ability, but never stop coming back for the big one.

While we experience the ceremony of graduation this evening, we, the Senior Class of 1982, stop to thank each and every individual who helped prepare us for our futures and who taught us to bait our own hooks. We can only hope that our catch is as fruitful as yours, and that our fishing holes are as special as Junction, Texas, which we all share pride in and hold dearly in our hearts.

Addressing the large crowd attending graduation ceremonies, Chris Harrison calmly gives his valedictorian speech.

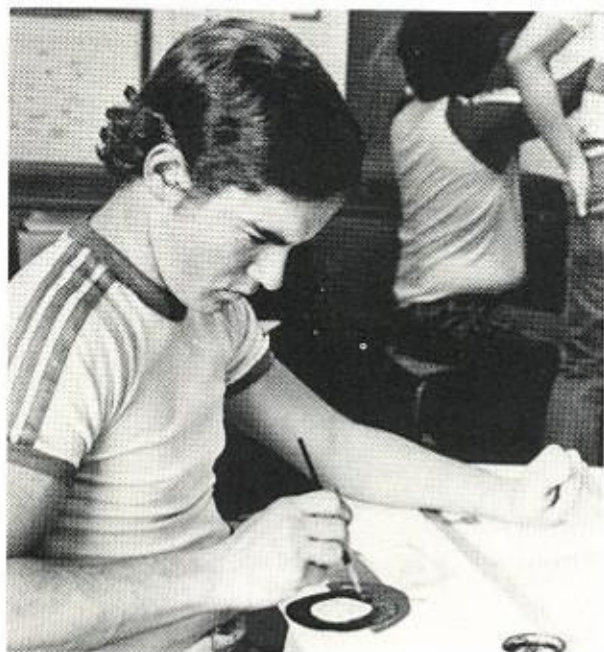

Unity and pride shine throughout the class of 1982 as they congregate at the Hill Country Stadium. With smiles and tears, they line up for their last flight.

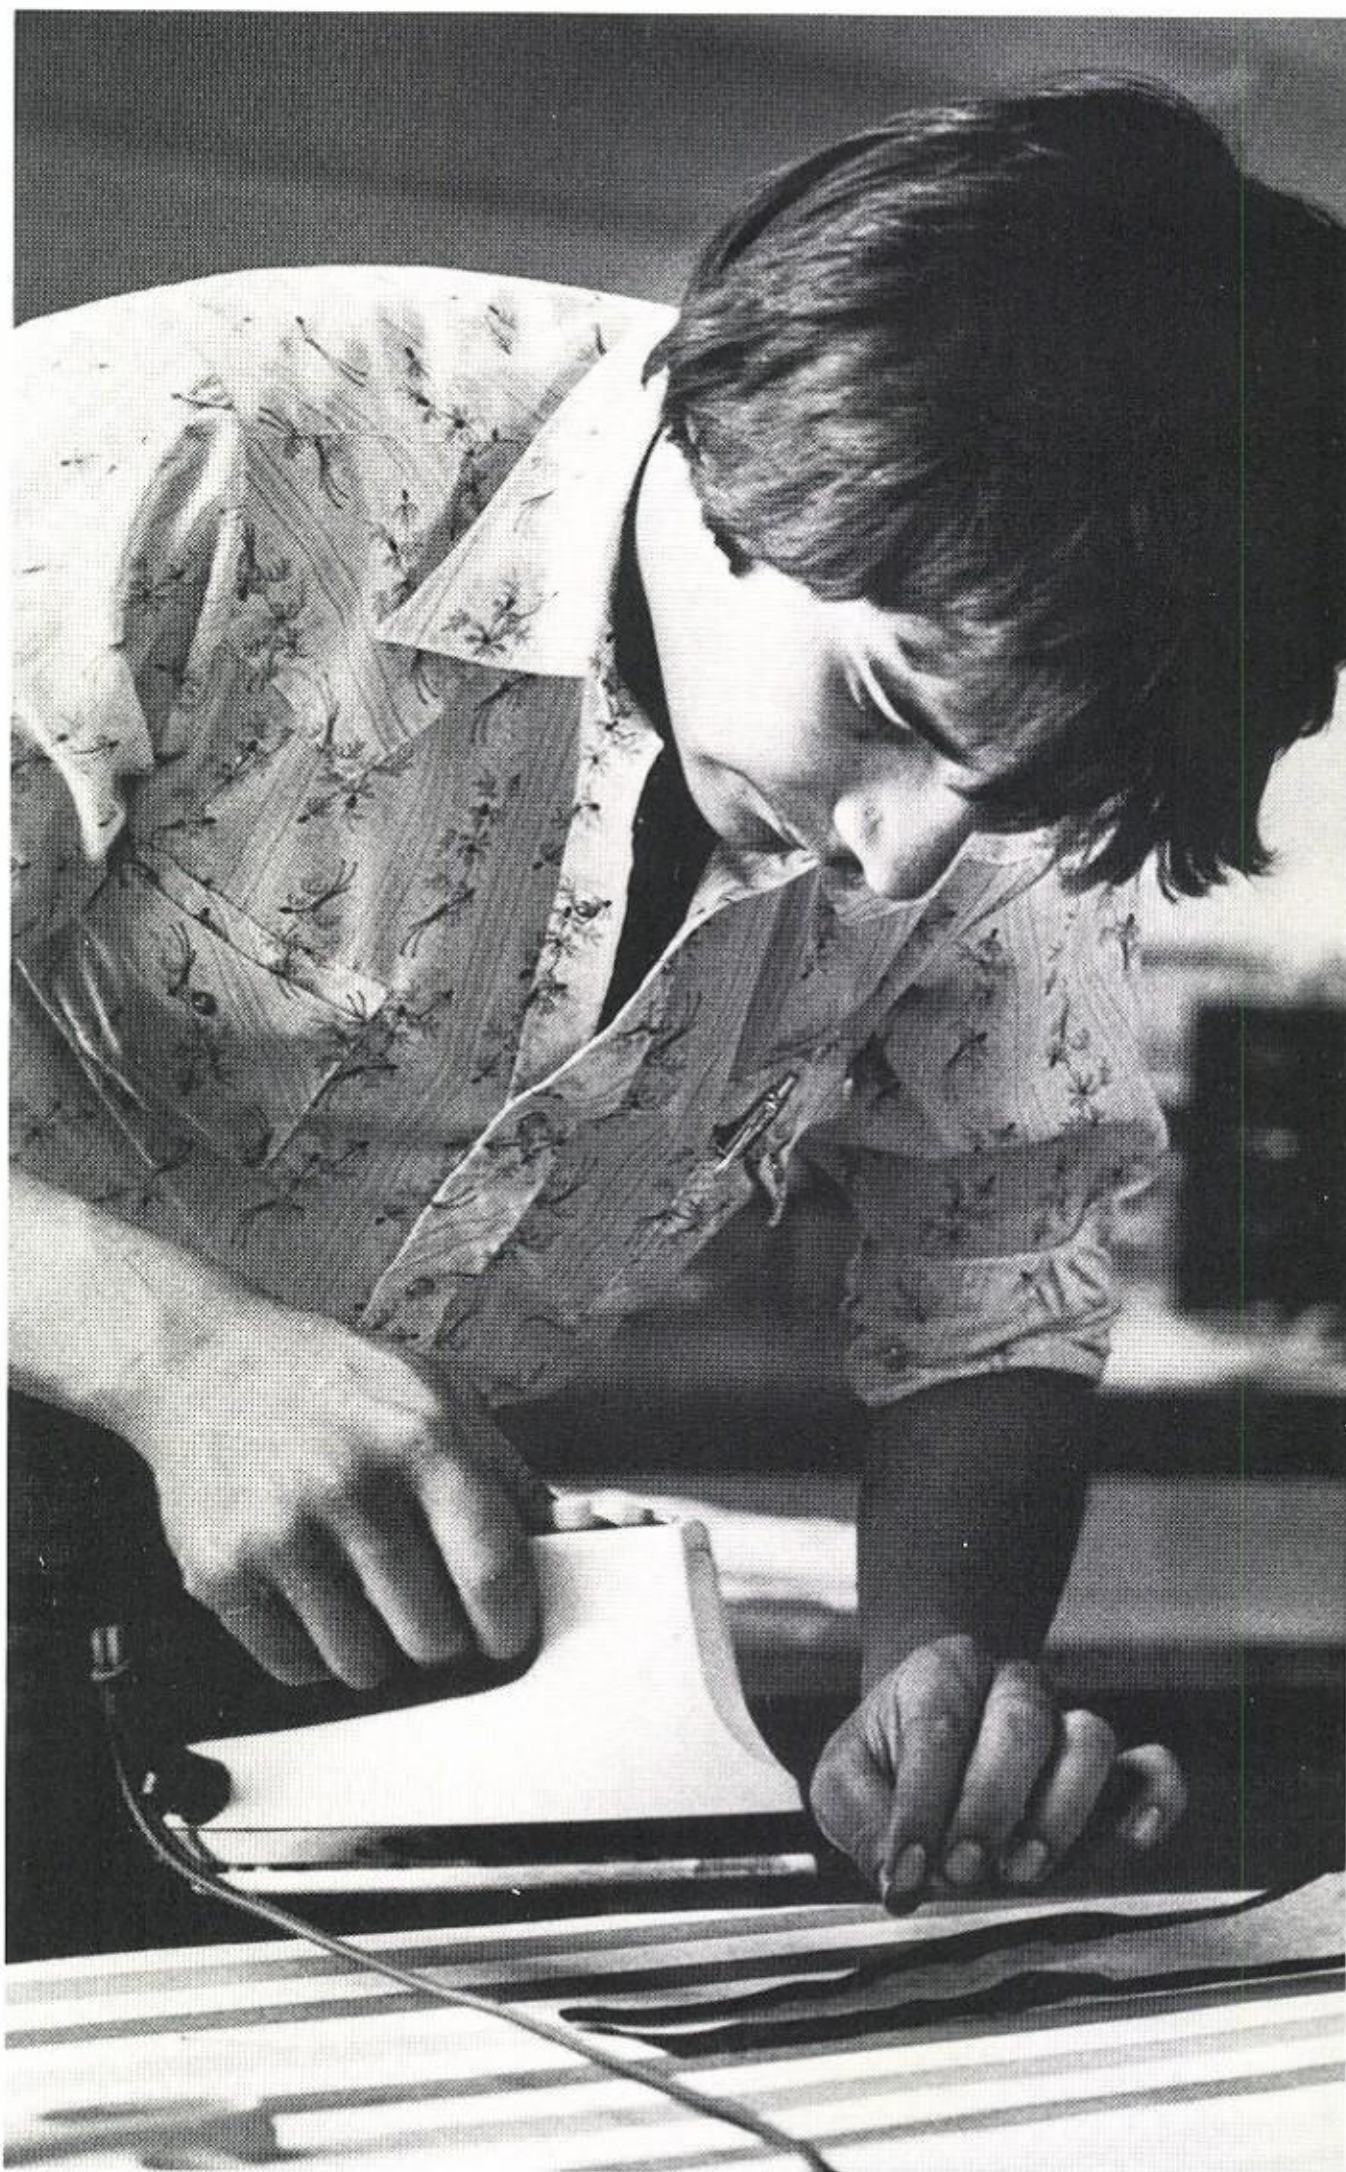

Flight Out

As the journey began to draw to an end, all of the Eagles triumphed in their leadership. They spent each moment with friends. Together they recalled their victories and their defeats. Holding their heads high, many members traveled to state meets. They cherished these memories. The Eagles began to realize the time had arrived to leave the past behind and fly out into the future.

Forever Back in Black

As the Eagles started off on their summer flights, the winds caught them, carrying them high into the sky. They looked down upon the familiar scenery with feelings of happiness and accomplishment. Meeting new challenges, they had accomplished goals and proved their ability to excell. The Eagles soared away, forever to be "Back in Black!"

Piercing the darkness, an impressive array of gold spotlights all Eagle victories proclaiming they are **BACK IN BLACK!**

Victory lights illuminate a safe landing for the Eagles after the victorious flight of 35 to 22 over the Reagan County Owls.
